

Hydro One Electrical Work at West Don

Expected start date: As early as October 28th, 2024

Expected completion date: October 31st, 2024

Hours of work: Weekdays from 7:00 a.m. to 5:00 p.m.

Days of work: Monday to Thursday

What is happening?

- As early as October 28th, crews will begin installing new power lines between three new Hydro One towers at the locations identified above. This work is required to facilitate the Metrolinx construction of the West Don Crossing bridge for the future Ontario Line subway.
- Construction activities will include flying guide-ropes and pulling power lines between the new towers and attaching the lines using cranes to connect to the new towers.
- This work will take approximately four (4) days to complete.

What to expect

- Work will be done using drones, cranes, trucks, and cable reels.
- The following trail will be closed during the duration of this work: **Catalyst, Sky Pilot, Beaver Flat, Boo Trail and Bunny Run.**
- Usage of West Don Trail and West Don River will be managed with flaggers to control traffic during stringing activities.
- Trails will re-open nightly after 5 p.m. and remain open until 7 a.m. the following day.
- Safety measures will be put in place by Hydro One to delineate the work areas from public-use areas.
- Equipment will be left on site and will be secured and protected with fencing, safety signage, and on-site security.
- Work may be delayed or rescheduled due to unforeseen weather conditions.

About the Ontario Line

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Less than 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
