

Finch Ave Level Crossing: Whistle Blowing Commencement

October 31, 2024

Safety is our Number One Priority

Following two incidents involving TTC buses striking crossing gate arms at the Finch Ave. grade crossing, train whistling that is currently in place during construction hours will be temporarily **extended to cover all service hours**.

Metrolinx is working collaboratively with the TTC to increase safety mitigations at the crossing to ensure the safety of all passengers, crew, and public.

Questions
