

Removal of equipment between Islington Avenue and Russell Road on Eglinton Avenue West

Scheduled start: November 15, 2024

Expected completion: November 29, 2024

Construction hours: 7:00 a.m. to 11:00 p.m.

Map of work area - Stage 1:

Stage 2:

What is happening?

- WestEnd Connectors Construction, working on behalf of Metrolinx, will be removing equipment from a dewatering system between Islington Avenue and Russell Road on Eglinton Avenue West.
- The equipment includes generators, pipes, etc.
- The dewatering system was installed for cross passage work. Excavation for the cross passages is complete and the dewatering system is no longer needed. A cross passage is a small passageway built to connect the eastbound and westbound tunnels for maintenance and emergency purposes.
- The term “dewatering” means pumping ground water away from the site during excavation.

Traffic and pedestrian impacts

- Temporary lane closures will be required in two stages.
- Stage 1: One westbound lane will be closed.
- Stage 2: One eastbound lane will be closed.
- One westbound and one eastbound lane will remain open at all times.
- There will be no pedestrian impacts.

What to expect

- Nearby residents can expect to hear noise from equipment loading, and trucks.
- All lane closures will be clearly communicated through on-site signage.

- Weekend or overnight work may be required. Residents will be provided with updates as they are available.
- The information provided is anticipated based on the current construction schedule and is subject to change.
- Remember to reduce your speed when approaching work zones and watch for slow-moving vehicles entering and exiting work areas.

About the project

- The Eglinton Crosstown West Extension will bring even more rapid transit to Etobicoke and Mississauga, making it easier for people to get where they need to be each day.
- The extension of the Eglinton Crosstown LRT will run 9.2 kilometres from the Mount Dennis station to Renforth Drive and will operate mainly underground. Once complete, it will create a continuous rapid transit line that stretches from Scarborough, through midtown Toronto, and into Mississauga.
