

Lakeshore East Rail Corridor: Weekly In-Corridor Work Update

Update for the weeks of: Saturday, November 9 - Saturday, November 23 2024

Hours of work:

- Daytime: Monday- Friday, with some weekend work, from 7 a.m.- 7 p.m.
- Overnight: Monday - Sunday from 8 p.m.- 5 a.m. (nights of work depend on activity - further details below).

This notice provides an update on the work happening in the rail corridor over the next two (2) weeks. It is updated every Friday.

What is happening?

Construction work is underway in the Lakeshore East rail corridor to prepare for the future Ontario Line. This notice provides a progress update on the works taking place in the rail corridor. **Certain construction activities may cause noise and vibration at nearby properties. For further details, please carefully review the information provided in the table below.**

Overnight Work (Monday - Sundays, 8 p.m. - 5 a.m.)		
Date	Location	Activity
<p>WEEKEND RAIL CORRIDOR CLOSURE: Friday November 8 - Monday November 11, 2024 24 hr. weekend work</p>	Within the rail corridor between Eastern Ave. and Dundas St. E.	<p>Track relocation and installation The Lakeshore East rail corridor will be shut down to install new train tracks. Construction activities will include rail cutting, backfilling, compaction, and track installations. Crews will do their best to schedule more disruptive activities during the day to minimize overnight disruption.</p>

Daytime/Evening Work (Monday to Friday, 7 a.m. - 11 p.m., and some weekend work from 7 a.m. - 7 p.m.)		
Date	Location	Activity
Saturday November 9 - Wednesday, November 13, 2024	356 Eastern Avenue	<p>Parking lot construction Building a new parking lot at Eastern Avenue. Construction activities will include grading, paving, compaction work, line painting, and landscaping. *Residents in nearby properties may feel vibrations during compaction work; noise and vibration monitoring is in place to ensure regulatory limits are maintained.</p>
Saturday November 9 - Saturday November 23, 2024	Dundas and Logan bridges	<p>Formwork, rebar installation, and concrete works</p> <ul style="list-style-type: none"> • Daytime work at Dundas and Logan bridge on Sat Nov. 9.
Monday November 11 - Saturday November 23, 2024	Within the rail corridor between Dundas St. E. and Thackeray St.	<p>Retaining wall construction Placing concrete blocks, backfilling, and compaction work</p>

		*Residents in nearby properties may feel vibrations during compaction work; noise and vibration monitoring is in place to ensure regulatory limits are maintained.
 Saturday November 9 - Saturday November 23, 2024	Within the rail corridor between Logan Ave. and Carlaw Ave.	Noise barrier installation Drilling foundations, grading, and installing noise barrier panels.
 Monday November 11 - Saturday November 23, 2024	NEW LOCATION: *On the week of November 11, track removals will begin on the north side of the corridor (opposite Saulter St., Strange St., and Degrassi St.)	Track removals Cutting tracks with rail saws, disassembling rail, loading cut rail into bins, and hauling materials off site.
 Monday November 11 - Saturday November 23, 2024	On the north side of the rail corridor between Eastern Avenue and Queen Street East	Tree/vegetation pruning and removals Removing and pruning trees and vegetation <u>within the Lakeshore East rail corridor.</u>

What to Expect

- Overnight work is required to complete activities that construction crews cannot do safely while trains are active and running in the corridor.
- Excavators, trucks, compactors, loaders, skid steers, and mobile cranes will be used to complete daytime work activities.
- Residents in nearby properties may experience vibration from the work; monitoring is in place to ensure levels stay within acceptable limits.
- Various mitigation measures will be implanted to reduce disruption.
- Overnight site lighting will be positioned downward into the rail corridor and away from residential properties.
- Construction equipment and materials will be secured within the work zones.
- Work may be rescheduled due to inclement weather and/or unforeseen circumstances.
- Work locations are subject to change and may vary based on site conditions and/or schedule requirements.

About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar and bus lines.
- Approximately 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
