

# McCowan Road diversions at Bushby Drive and Triton Road - Stage 1 & 2

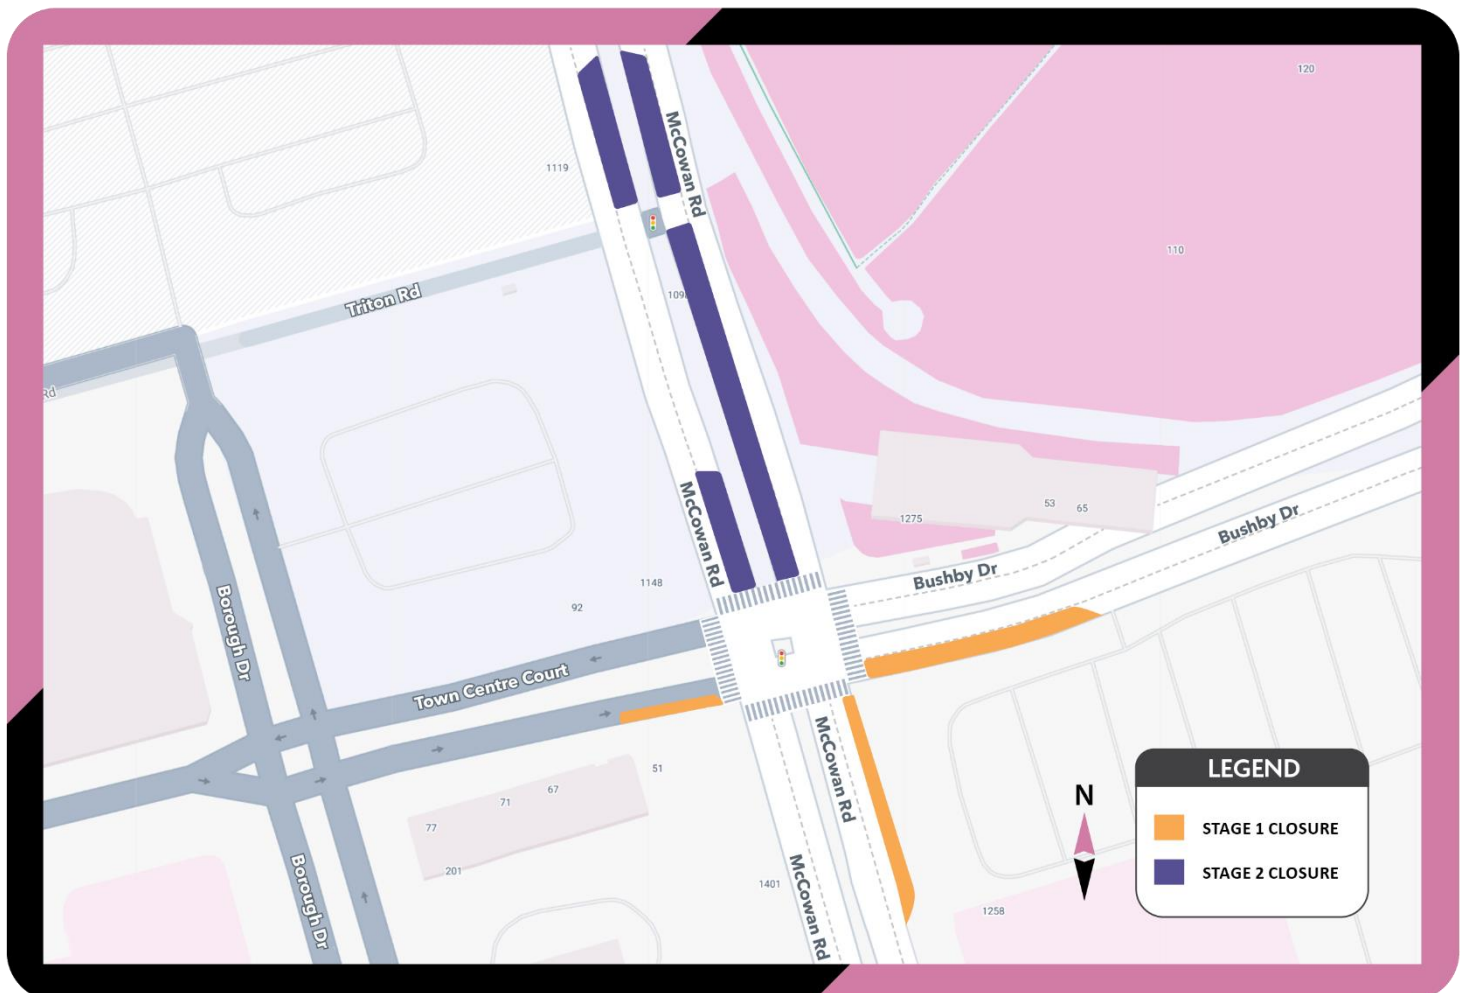

## Schedule:

**Stage 1** - November 26 - 29, 2024

**Stage 2** - December 2 - 6, 2024

All work to take place between 7:00 a.m. and 5:00 p.m.

*Note: All schedules are approximate and subject to change*

## What is Happening

- As part of the Scarborough Subway Extension, crews need to extend the work area for utility work on McCowan Road and Bushby Drive.
- This work will require a series of short-term lane closures, in different stages.
  - Stage 1 and 2 will be for approximately five business days each, from 7:00 a.m. to 5:00 p.m.
- **Stage 1:** Closure of eastbound right turn lane on Town Centre Court, and northbound right turn lane on McCowan Road; through lanes will remain open. The eastbound curb lane on Bushby Drive will also be closed, with the northernmost eastbound lane remaining open.
- **Stage 2:** McCowan Road northbound to be reduced to one lane, with the easternmost lane remaining open. McCowan Road southbound left-turn lane will be closed, with the through lanes remaining open.
- Crews will be using excavators, concrete saw cutters, and a hydro vac truck to remove asphalt and gravel.
- Some bus stops near in the immediate area, may be relocated due to this work. Please check the TTC website for further information.
- Work may be delayed due to weather conditions or unforeseen circumstances.
- This work is being performed in stages to reduce impacts to TTC bus routes, pedestrians, and vehicles as much as practicable.

## What to Expect

- Work areas will be clearly marked or fenced off to ensure public safety.
- Sidewalk access will be maintained, with fencing to delineate work areas and keep pedestrians safe.
- City approved traffic control plans will be executed, including the use of traffic control persons in key locations.
- Residents may hear noise and see light as a result of this construction activity. This activity will be monitored, and steps will be taken to mitigate noise, if needed and where possible.

## About the Project

- The Scarborough Subway Extension will bring TTC's Line 2 subway service nearly eight kilometres farther into Scarborough.
- It will extend from Kennedy Station to Sheppard Avenue and McCowan Road, with three new stops - one each at Lawrence and McCowan, Scarborough Town Centre, and Sheppard and McCowan.
- This project is expected to boost ridership by 105,000 people daily and give 38,000 people walkable access to transit.
