What Is Happening

With the ongoing reconstruction of Eastern Avenue Bridge, there will be a full road, cyclist, and sidewalk closure on Eastern Avenue from Lewis Street to Dibble Street. There will be Local Traffic Only on Eastern Avenue from Broadview Avenue to Lewis Street as well as from Logan Avenue to Dibble Street. This work is for the safe transportation of conduit from the southern tracks of the bridge to the northern tracks.

- Night road closures will commence at 10:00 pm and end at 5:00 am from December 4th - 6th inclusive.

Project Overview

The new East Harbour Transit Hub will be located just east of the Don River and north of Lakeshore Boulevard East, in the Riverdale neighbourhood. This interchange station, on the Lakeshore East GO line, will provide seamless connectivity to more GO services, the future Ontario line, and the TTC Broadview streetcar, in a corner of the city that is poised for growth. The East Harbour Transit Hub will also divert some of the commuter traffic away from Union Station and will be an alternate station for transferring between transit lines and services.
