

Soil testing at Ordnance Triangle Park For future Ontario Line construction

Expected start date: As early as March 6, 2024.

Duration: Up to 1 day

Hours of work: 7:00 a.m. to 5:00 p.m.

Map of work zone

What is happening?

- Construction crews will be testing soil at the east end of Ordnance Triangle Park, in preparation for ongoing Ontario Line construction.
- The work is occurring inside the fenced off area, inaccessible to pedestrians and park users, illustrated in red on the above map.
- No road or lane closures are required; however, equipment will access the park via a Metrolinx-owned access road, from Strachan Avenue, eastward along the GO Kitchener/Milton/Barrie/ UP Express corridor, and into the east end of Ordnance Park Triangle.
- Crews will complete different segments of work over the course of one day, moving within the various locations identified on the map.
- For investigative soil works, excavation is necessary to test soil samples and ground conditions.

What to expect

- The work is scheduled to begin as early as March 6, 2023, and anticipated to be completed within 1 day.
- Work will take place during the daytime, from 7:00 a.m. and 5:00 p.m.
- Crews are expected to be onsite prior to 7:00 a.m. to set up equipment.
- Area residents and businesses can expect to hear noise from work equipment, specifically a small excavator. Crews will take measures to minimize noise impacts wherever possible.
- Equipment access to the park is temporary and intermittent; no additional park closures are required as the equipment enters the park and proceeds to the work zone.

About the Ontario Line

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Less than 30 minutes from one end of the line to the other.
- 28,000 fewer car trips each day.
