

# Laydown Area Near Pape and Cosburn

**Expected duration:** Winter 2024 to Summer 2025

**Hours of site operation:** Monday to Saturday between 7 a.m. to 7 p.m.

## What is happening?

- Starting in late November 2024, 1052 Pape Avenue will be used as a laydown area for construction works at Pape and Danforth until June 2025. The site will be accessed daily between 7:00 a.m. and 7:00 p.m., except on Sundays. The laydown area will be used primarily to store rebar cages. Trucks will enter and exit through Pape Avenue. There will be no staging area for trucks as they will only be passing through.
- Once the support of excavation work is complete, the site will transition to use for Cosburn Station construction. A separate notice regarding works in the area will be issued at that time.

## What to expect

- Short-term traffic interruptions can be expected while trucks and equipment enter and exit work zones; traffic control personnel will be present to direct vehicles and pedestrians. Trucks will enter and exit the site via Pape Ave. Access and exit points are indicated on the map with blue arrows.
  - Construction equipment and materials will be secured within the work zones.
  - Signage and safety barriers will be in place to delineate work zones.

## About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar and bus lines.
- Approximately 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
