

# Lakeshore East Rail Corridor: Weekly In-Corridor Work Update

Update for the weeks of: Saturday, December 7 - Saturday, December 21, 2024

**Hours of work:**

- Daytime: Monday- Friday, with occasional weekend work, from 7 a.m.- 7 p.m.
- Overnight: Monday - Sunday from 8 p.m.- 5 a.m. (nights of work depend on activity - further details below).

**This notice provides an update on the work happening in the rail corridor over the next two (2) weeks. It is updated every Friday.**

**What is happening?**

Construction work is underway in the Lakeshore East rail corridor to prepare for the future Ontario Line. This notice provides a progress update on the works taking place in the rail corridor. **Certain construction activities may cause noise and vibration at nearby properties. For further details, please carefully review the information provided in the table below.**

Overnight Work (Monday - Sundays, 8 p.m. - 5 a.m.)		
Date	Location	Activity
Monday December 9 - Friday December 13, 2024	Within the rail corridor between Queen St. E. and Dundas St. E.	<b>Track work</b> Welding track ties and installing track protection barriers. This work is taking place on the live tracks and therefore must take place at night while there are no GO trains running.
Friday, December 6 at 8 p.m. until Monday, December 9, 2024, at 6 a.m.	Dundas St. E. between Broadview Ave. and Logan Ave.	<b>Dundas Road Closure</b> Dundas St. E. will be closed underneath the rail bridge to install girders (steel beams) for the new bridge.
Friday December 13 at 8 p.m. to Monday December 16, 2024, at 6 a.m.	Logan Ave. between Dundas St. E. and Gerrard St. E.	<b>Logan Road Closure</b> Logan Ave. will be closed underneath the rail bridge to install girders (steel beams) for the new bridge.

Daytime/Evening Work Monday- Friday, with some weekend work as noted below, from 7 a.m. - 7 p.m.		
Date	Location	Activity
Monday December 9 - Friday December 20, 2024 (weekdays)	Dundas and Logan bridges	<b>Formwork, rebar installation, and concrete works</b> <ul style="list-style-type: none"> <li>• There will be a concrete pour at Logan bridge on Tues Dec 10 starting at 7 a.m.</li> </ul>

 Monday, December 9, 2024 - Friday December 20, 2024 (weekdays)	Booth Ave. and Paisley Ave. and between Dundas St. E. and Logan Ave.	<b>Retaining wall construction</b> Placing concrete blocks, backfilling, and compaction work *Residents in nearby properties may feel vibrations during compaction work; noise and vibration monitoring is in place to ensure regulatory limits are maintained.
 Monday, December 9, 2024 - Friday December 20, 2024 (weekdays)	Within the rail corridor between Logan Ave. and Carlaw Ave.	<b>Noise barrier installation</b> Drilling foundations, grading, and installing noise barrier panels.
 Monday, December 9, 2024 - Friday December 20, 2024 (weekdays)	Within the rail corridor between Carlaw Ave. and Jones Ave.	<b>Grading work</b> Leveling and laying track ballast and granular material
 Monday, December 9, 2024 - Friday December 20, 2024 (weekdays)	Within the rail corridor at the corner of Degrassi St. and Queen St.	<b>Grading, compaction, and noise barrier installation</b> *Residents in nearby properties may feel vibrations during compaction work; noise and vibration monitoring is in place to ensure regulatory limits are maintained.

### What to Expect

- Overnight work is required to complete activities that construction crews cannot do safely while trains are active and running in the corridor.
- Excavators, trucks, compactors, loaders, skid steers, and mobile cranes will be used to complete daytime work activities.
- Residents in nearby properties may experience noise and vibration from the work; monitoring is in place to ensure levels stay within acceptable limits.
- Various mitigation measures will be implemented to reduce disruption.
- Overnight site lighting will be positioned downward into the rail corridor and away from residential properties.
- Construction equipment and materials will be secured within the work zones.
- Work may be rescheduled due to inclement weather and/or unforeseen circumstances.
- Work locations are subject to change and may vary based on site conditions and/or schedule requirements.

### About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar and bus lines.
- Approximately 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
