

Train Speed Increases at the Burloak Grade Crossing

December 2024

Location depicting the GO rail corridor level crossing on Burloak Drive

What Is Happening

As of **3:00 a.m. on Sunday, December 15th**, Metrolinx will be increasing the train speed at the Burloak Drive Level Crossing, following the completion of storm sewer works. The crossing is currently signaled, and with no ongoing continuous closures scheduled at this time, the train speed will be increased from 30 **mph** to 50 **mph**. This change is expected to remain in effect until March 2025, at which point further works may be required. A reassessment of train speeds will take place closer to that time.

WHAT TO EXPECT

- The train speed at the crossing will be increased at the Burloak Drive grade crossing to ensure timely train operations.
- Paid Duty Officers (PDOs) will continue to be present as required to support safe operations and traffic management during lane closures.

HOURS OF WORK

- Train speed increases will be implemented starting at 3:00 a.m. on Sunday, December 15th, 2024.
- No long-term continuous closures are anticipated at this time, but future works may be planned for March/April 2025.

LOCATION OF WORK

- Train speeds will be increased at Burloak Drive at the intersection of the Lakeshore West Rail Corridor.

PEDESTRIAN DETAILS

- There are no pedestrian impacts expected.

TRAFFIC DETAILS

- There are no expected disruptions to local roads or traffic beyond the increased train speed.

TRANSIT INFORMATION

- There are no expected impacts to local transit routes or services from this work.

COMMUNITY ENGAGEMENT

- Metrolinx has a dedicated community engagement team in place that works with residents and businesses in the Toronto West area.
- If you have any questions, please contact us using the information provided below.
