

Oversized truck deliveries at King Bathurst

Expected start date: Mid-December 2024

Expected duration: Staggered days and times, to late January 2025

Hours of work: Various daytime and overnight deliveries based on load size and oversize load occupancy permits

What is happening?

As part of ongoing construction of the Ontario Line and the future station sites at King Street West and Bathurst Street, crews will be delivering oversized machinery and materials to the sites. These deliveries are expected to happen on various days and times over the next four to six weeks, to the end of January 2025.

The delivery of oversized machines and material requires a traffic control person to safely guide the equipment into the site, while maintaining safe operations and passage for vehicles and pedestrians in the area.

What to expect

- Machinery and materials delivered to the King Bathurst station sites.
- Deliveries will take place on various days and times over the next several weeks, including during overnight or early morning hours.
- Deliveries may require a short-term closure of the sidewalk at Bathurst Avenue, while the equipment is being delivered to the worksite. These operations will be supported by traffic control persons who will guide pedestrians and cyclists safely.
- Residents may expect some noise on-site from vehicle back up alarms.
- Cyclists are asked to dismount their bicycles and walk them through construction areas.
- Work may be postponed or rescheduled due to unforeseen circumstances.
- All necessary permits have been obtained.
- For more information about upcoming station work please see [metrolinx.com/Ontarioline](https://www.metrolinx.com/Ontarioline) or sign up for the e-newsletter.

About the Ontario Line

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Less than 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
