

Lakeshore East Rail Corridor: Weekly In-Corridor Work Update

Update for the weeks of: Saturday, January 11 to Saturday, January 25, 2025

Hours of work:

- Daytime: Monday- Friday, with occasional weekend work, from 7 a.m.- 7 p.m.
- Overnight: Monday - Sunday from 8 p.m.- 5 a.m. (nights of work depend on activity - further details below).

This notice provides an update on the work happening in the rail corridor over the next two (2) weeks. It is updated every Friday.

What is happening?

Construction work is underway in the Lakeshore East rail corridor to prepare for the future Ontario Line. This notice provides a progress update on the works taking place in the rail corridor. **Certain construction activities may cause noise and vibration at nearby properties. For further details, please carefully review the information provided in the table below.**

Overnight Work (Monday - Sundays, 8 p.m. - 5 a.m.)		
Date	Location	Activity
 Friday January 17 at 8 p.m. to Monday, January 20, 2025, at 6 a.m.	Logan Ave. between Dundas St. E. and Gerrard St. E.	Logan Road Closure Logan Ave. will be closed underneath the rail bridge to install girders (steel beams) for the new bridge.

Daytime/Evening Work Monday- Friday, with some weekend work as noted below, from 7 a.m. - 7 p.m.		
Date	Location	Activity
  Monday January 13 - Saturday January 25, 2025	Dundas and Logan bridges	Formwork, rebar installation, and concrete works Sat Jan 11 - Formwork installation at Logan bridge Tues Jan 14 - Concrete pour at Logan bridge starting at 7 a.m. for approx. 7 hrs.
 Monday January 13 - Friday January 24, 2025 (weekdays)	Booth Ave. and Paisley Ave.	Retaining wall construction and noise barrier installation Mon Jan 13: Backfilling and compaction behind retaining wall blocks Tues Jan 14 - Fri Jan 17: Drilling footings for noise wall posts and building OCS pole foundations *Residents in nearby properties may feel vibrations during compaction work; noise and vibration monitoring is in place to ensure regulatory limits are maintained.

 Monday January 13 - Friday January 24, 2025 (weekdays)	Within the rail corridor between Logan Ave. and Carlaw Ave.	Noise barrier installation Drilling foundations, grading, and installing noise barrier panels.
 Monday January 13 - Friday January 24, 2025 (weekdays)	Within the rail corridor between Carlaw Ave. and Jones Ave.	Grading work Leveling and laying track ballast and granular material
 Monday January 13 - Friday January 24, 2025 (weekdays)	Within the rail corridor north and south of the Queen Street bridge	Secant Piling at Queen bridge Jan 13 - 17: Backfilling, placing concrete blocks, compacting, and installing noise barriers. Jan 20 - 24: Start pile drilling for the future Riverside-Leslieville Station *Residents in nearby properties may feel vibrations during compaction work; noise and vibration monitoring is in place to ensure regulatory limits are maintained. *The sidewalk on the east side of Degrassi St. will be closed north of Queen St. E.

What to Expect

- Overnight work is required to complete activities that construction crews cannot do safely while trains are active and running in the corridor.
- Excavators, trucks, compactors, loaders, skid steers, and mobile cranes will be used to complete daytime work activities.
- Residents in nearby properties may experience noise and vibration from the work; monitoring is in place to ensure levels stay within acceptable limits.
- Various mitigation measures will be implemented to reduce disruption.
- Overnight site lighting will be positioned downward into the rail corridor and away from residential properties.
- Construction equipment and materials will be secured within the work zones.
- Work may be rescheduled due to inclement weather and/or unforeseen circumstances.
- Work locations are subject to change and may vary based on site conditions and/or schedule requirements.

About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar and bus lines.
- Approximately 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
