

Hydro Cable Removal Notice

February 18th – March 2025 (timeline subject to change)

What is happening?

Overhead hydro utility cables are being removed along the rail corridor as part of the multi layered interrelated tasks leading up to the future bridge extensions at Lower Jarvis Street and Lower Sherbourne Street. Due to the location of this work within the rail corridor, this work will be completed overnight while there is no train service.

To ensure safety and visibility during this overnight work, significant lighting will be used throughout the work zone within the rail corridor. Residents within the close vicinity are to expect overnight construction lighting and regular noise impacts during this work.

Updated February 3, 2025

We appreciate your ongoing patience and understanding of this necessary work. Dates subject to change.

Questions

If you have any questions or concerns about this work, please contact us any time via email at TorontoEast@metrolinx.com or by telephone at (416) 202-3900.
