

# UPDATED: Geotechnical work on Pape Avenue and Mortimer Avenue

**Expected start date:** March 10, 2025

**Expected duration:** Up to March 25, 2025

**Hours of work:** Overnight, Monday to Friday: 7 p.m. – 5 a.m. (concluding 5 a.m. on Saturdays)

## What is happening?

- To enable future construction activities for the Ontario Line project, crews will be conducting geotechnical investigations at the intersection of Pape Ave and Mortimer Ave.

- Geotechnical investigations consist of drilling boreholes. These investigations are essential to understand soil and rock properties, minimize construction risk and protect nearby buildings and infrastructure.

## What to expect

- Work will take place overnight, Monday to Friday from 7 p.m. to 5 a.m., with the final shift of the week concluding at 5 a.m. on Saturdays.
- Drilling and excavation equipment, such as drill rigs and water hauling, concrete and coring trucks will be on site.
- During the vertical drilling phase, noise, dust and vibration from construction equipment is expected.
- The eastbound lane of Mortimer Ave just east of the Pape Ave and Mortimer Ave intersection will be closed. Access to residential and commercial driveways will be maintained.
- Signage and safety barriers will be in place to delineate work zones.
- Paid-duty officers and traffic control personnel will be on-site managing traffic and pedestrian flow.
- TTC bus service will be maintained throughout the work.
- Timing of construction is subject to weather conditions and construction constraints.
- Equipment may be left on site but will be properly secured and stored to ensure safety.
- Dust will be mitigated by misting and sweeping.

We will continue to assess impacts and provide neighbourhood notices in advance of any work to keep you up to date and informed. For more information about upcoming work, please see [metrolinx.com/ontarioline](http://metrolinx.com/ontarioline) or sign up for the e-newsletter.
