

Nighttime and Weekend Work on Mineola Road

March 22 to 23, 2025 and March 29 to 30, 2025

What You Need to Know

Crews will be excavating down to the main utility crossing and installing a test station at the southeast corner of Mineola Road and Hurontario Street. This will allow for future testing of the watermain. This work is scheduled to take place on **March 23, 2025, from 7 a.m. until 10 p.m.**

Southbound and northbound traffic on Hurontario Street will not be permitted to turn left onto Mineola Road, and westbound traffic along Mineola Road will not be permitted to turn right onto Hurontario on a red traffic signal during this work. In addition, eastbound traffic along Mineola will also not be permitted to turn left onto Hurontario Street during this work. Paid Duty Police Officers will be on site to assist with traffic needs and safe operation of the intersection.

In addition, crews will also be pulling aerial cables and connecting some properties south of Pinewood Trail along the east side of Hurontario, to the new electrical infrastructure. These connections will take place over two separate weekends: **March 22 to 23, 2025 and March 29 to 30, 2025, from 7 am to 7 pm** each day. Temporary lane closures for these works will reopen after working hours each day, but the sidewalk in the affected area will remain closed until the works are completed.

Watch for additional signs directing passengers at bus stops as boarding areas may be relocated. Please visit www.miway.ca/updates for updates on your bus route.

In accordance with City of Mississauga Noise By-Law Exemption requirements, this notice is meant to advise that properties near the work site can expect to hear noise and vibration caused by trucks, excavators, loaders, triaxles, backhoes, and other construction equipment related to this work.

Please note, work may be rescheduled due to weather or unforeseen circumstances. Please see roadway signage for the latest information. If you require the most up-to-date information, please reach out to peel@metrolinx.com and our team will provide you with e-updates of this work.

TIMING

- Watermain Chamber work is scheduled for March 23, 2025, from 7 a.m. to 10 p.m.
- Aerial cable pulling and connections are scheduled for March 22 to 23 and March 29 to 30, from 7 a.m. to 7 p.m.
