

Lakeshore East Rail Corridor: Weekly In-Corridor Work Update

Update for the weeks of: Saturday, March 15 to Saturday, March 29, 2025

Hours of work:

- Daytime: Monday- Friday, with occasional weekend work, from 7 a.m.- 7 p.m.
- Overnight: Monday - Sunday from 8 p.m.- 5 a.m. (nights of work depend on activity - further details below).

This notice provides an update on the work happening in the rail corridor over the next two (2) weeks. It is updated every Friday.

What is happening?

Construction work is underway in the Lakeshore East rail corridor to prepare for the future Ontario Line. This notice provides a progress update on the works taking place in the rail corridor. The Contractor will be moving equipment and machinery throughout the rail corridor to access each work area and stockpile materials. The Contractor will enter the rail corridor from the access road at Eastern Avenue. Certain construction activities may cause noise and vibration at nearby properties. **For further details, please carefully review the information provided in the table below.**

Overnight Work (Monday - Sundays, 8 p.m. - 5 a.m.)

● Friday March 21 - Friday March 28, 2025	Within the rail corridor north of the Queen bridge, across from De Grassi St.	Excavation and tieback installation Excavating the embankment within the rail corridor to prepare for retaining wall construction. **Prior to the excavation work, the noise barrier at the top of the rail corridor will be removed. This work will happen overnight on Thurs March 20.

What to Expect

- Overnight work is required to complete activities that construction crews cannot do safely while trains are active and running in the corridor.
- Noise from trucks and equipment entering the rail corridor at Eastern Avenue.
- Excavators, trucks, compactors, loaders, skid steers, and mobile cranes will be used to complete daytime work activities.
- Residents in nearby properties may experience noise and vibration from the work; monitoring is in place to ensure levels stay within acceptable limits.
- Various mitigation measures will be implanted to reduce disruption.
- Overnight site lighting will be positioned downward into the rail corridor and away from residential properties.
- Construction equipment and materials will be secured within the work zones.
- Work may be rescheduled due to inclement weather and/or unforeseen circumstances.
- Work locations are subject to change and may vary based on site conditions and/or schedule requirements.
