

UPDATED: Beanfield Cable Pulling

Expected Start Date: As early as April 12, 2025

Expected Duration: Two (2) days

Hours of work: Saturday and Sunday, 9 a.m. to 7 p.m.

What is Happening?

- As part of the utility relocation works taking place along Pape Avenue for the Ontario Line, a crew from Beanfield will mobilize at the northwest corner of Pape and Langley for cable pulling and minor civil work.
- Work is expected to start on Saturday, April 12 and will take approximately two days to complete.

- Work will take place over a single weekend within the existing work zone on Langley Avenue.

What to expect

Construction

- Crews will be pulling cables as well as performing minor civil work to ensure duct bank access.
- A small amount of excavation will be performed with a hydrovac to clear out blocked ducts.
- Work will involve the use of cube vans, pick-up trucks, reel trailers, and may involve the use of an excavator to install cables below the ground. This is a requirement to safely protect existing utility infrastructure.
- Residents and businesses in the area may hear noise caused by work equipment. Crews will take measures to minimize noise impacts wherever possible.
- Work may be delayed due to weather conditions or unforeseen circumstances.

Traffic and Pedestrian Details

- The traffic and pedestrian measures previously implemented for existing work will be maintained during Beanfield cable pulling work.
 - Please visit metrolinx.com/ontarioline for additional details about pedestrian and traffic impacts at Pape Avenue and Langley Avenue.

Safety

- Signage will be posted around the site to direct pedestrians.
- Equipment may be left on site but will be properly secured and stored to ensure safety.

About the Ontario Line

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
