

# Dewatering work at Wynford Drive between Don Mills Road and Gervais Drive

**Expected start date:** As early as Monday April 14, 2025

**Expected completion date:** November 2025

**Hours of work:** 7 a.m. – 7 p.m.

## What is happening?

- Traffic staging is implemented to install and operate the dewatering system that controls and treats the water discharge flow into the adjacent sewer and allows for recurring water sampling. Installation could last up to two weeks, and the system will be operated for approximately seven months thereafter. The purpose of the system is to discharge the excessive water that will be encountered during the construction of Don Mill Road watermain relocation.
- This closure will be implemented on-site from as early as **Monday April 14, 2025, to November 2025.**

## What to expect?

- Traffic lanes will be temporarily impacted on Wynford Drive between Don Mills Road and Gervais Drive.
- Crews will always maintain one lane of traffic per direction throughout the duration of work.
- Left turns will not be permitted from the Real Canadian Superstore on to Wynford Drive westbound.
- Left turns will not be permitted from the St. Andrew Kim Korean Catholic Church on to Wynford Drive eastbound.
- Left and right turns will be permitted at Gervais Drive for both entry and exit to and from the Real Canadian Superstore.
- The described dewatering setup and operation work will not impact the current parking availability at the St. Andrew Kim Korean Catholic Church or the Real Canadian Superstore.
- Nearby residents can expect to hear noise from hauling trucks and generators.
- Work crews will take reasonable precautions to minimize disturbances to residents.
- Construction work may be postponed or rescheduled due to unforeseen weather conditions or other construction-related impacts.
