

# Return to normal construction schedule: Underground support structure installation

**Start date:** Early April – Mid-September 2025

**Hours of work:** Monday to Friday 7:00 a.m. to 7:00 p.m., Saturday from 7:00 a.m. to 5:00 p.m.

*Note: Work may be delayed or rescheduled due to weather conditions or unforeseen circumstances*

## What is happening?

- In December 2024, crews began constructing an underground support structure near the location of the future emergency exit building on McCowan Road, between Ellesmere Road and Hurley Crescent, as shown on the map.
- In March 2025, weekday construction hours were temporarily extended to 10:00 p.m.
- In April 2025, hours will return to the previous schedule: Monday to Friday 7:00 a.m. to 7:00 p.m. and Saturday, from 7:00 a.m. to 5:00 p.m.

## Vehicle diversions

- Traffic has been diverted to the west side of McCowan Road, with one lane of traffic in each direction, as shown in the map above. This phase started in March 2025.
- Diversions are indicated with signage and barriers, and flaggers are present to assist with traffic flow.

## What to expect?

- Expect noise from the on-site construction equipment, including a front-end loader, trucks, piling rigs, and other machinery.
- Traffic barrels, fencing, and barriers will be in place to separate and secure work zones.
- To ensure pedestrian and driver safety, construction crews will occasionally temporarily close traffic lanes and sidewalks along McCowan Road. Signage will alert drivers and pedestrians to these temporary closures and detours.
- Please take care when travelling near construction areas and watch for additional signs directing pedestrians. Clear and defined walking paths will be maintained to ensure pedestrian safety.

## About the project

- A nearly eight-kilometre subway extension will extend Line 2 further into Scarborough.
- Three new stops will have connections to up to six other transit options, including TTC buses, GO train, GO buses, Line 5 Eglinton, Durham Region Transit, and the proposed Sheppard Extension.
- The extension will accommodate up to 105,000 daily boardings and put 34,000 more jobs within walking distance to rapid transit.
