

# ***Construction Update – Brampton*** **Electrical Infrastructure Upgrades, Track Installation, Canopy Installation and Substantial Completion of OMSF Yard**

## What work is taking place?

As construction on the Hazel McCallion Line Light Rail Transit progresses, communities in Mississauga North and Brampton can expect the following construction activities in the coming months:

- Road works in Brampton, resuming in April
- Completion of 407 ETR Structure during Spring 2025
- Installation of TPSS 13 and 14

As construction staging moves to the centre of the roadway for guideway, track, and LRT stop construction, we remind the motorists that permanent turning restrictions will be implemented to ensure the safe flow of traffic.

Most work is scheduled from Monday to Saturday from 7 a.m. to 7 p.m. and will take place within the staged area separated by traffic barrels and temporary fencing. Temporary closures of roadways at intersections will be required to ensure that crews onsite are able to safely complete the work. Some overnight and weekend work may also be required. Additional notification will be provided when there is a requirement for a temporary road closure, overnight, or Sunday work. We will also communicate with individual property owners concerning potential property access requirements such as temporary power outages, utility connections, and temporary driveway closures for final restoration and boulevard grading. Additional signage will also be placed to inform motorists and pedestrians about any sidewalk closures or changes to traffic configuration.

Please note, work may be rescheduled due to weather or unforeseen circumstances. If you require the most up-to-date information, please reach out to [peel@metrolinx.com](mailto:peel@metrolinx.com)

### TIMING

- Regular work hours are 7 a.m. to 7 p.m., Monday to Saturday.
- We will provide further notification to residents if work is scheduled overnight and on Sundays.

### TRAFFIC DETAILS

- Traffic lanes will be impacted. Please follow the signs.
- Motorists are advised to use alternate routes.

### TRANSIT DETAILS

- Please visit [www.miway.ca](http://www.miway.ca) for more details.

### PEDESTRIAN DETAILS

- Crosswalks and sidewalks will be impacted for short durations.
- Please take care when walking or cycling near construction areas and watch for additional signs directing the public such as detours and dismantling.
- Be sure to only cross the street at designated crosswalks. Always look both ways and wait for the walk signal. Press the button to activate the signal.

### CONTACT US

- Metrolinx has a dedicated community relations team in place to work with residents in Peel region through the construction and operation of this transformational transit project.
- 24-hour line 416-202-7500
