

Utility Relocation in Yonge Street and Steeles Avenue West area

Scheduled start: April to July 2025

Timing: Monday to Friday, 7:00 a.m. to 5:30 p.m.

This map shows the approximate location of work zones. It is not to scale and for illustrative purposes only.

What is happening?

To support future construction of the Yonge North Subway Extension, crews working on behalf of Metrolinx and Enbridge Gas will be relocating natural gas utilities along sections of Yonge Street, Steeles Avenue West, Hilda Avenue, and Crestwood Road marked on the map above. Crestwood Road, between Powell Road and Hilda Avenue will be limited to local traffic for the duration of the construction. This work will help ensure future major construction activities, including tunnelling and station construction, can move forward smoothly.

WHAT TO EXPECT:

- Utility relocation work is planned in the Yonge Street and Steeles Avenue West area, including Crestwood Road, Hilda Avenue, and back to Yonge Street.
- No interruptions to natural gas service are expected.
- Residents and businesses may notice noise and vibration from heavy equipment during working hours.
- Temporary driveway access may be required. Crew on site will work with impacted residents directly.
- Crews will be digging trenches and installing new natural gas lines throughout the work area.
- Once the work is complete, all areas will be restored to their original condition.
- **Timelines may be adjusted due to weather or unforeseen circumstances.**
- When sidewalks need to be closed, clear signage will direct pedestrians to the nearest safe alternative, typically the sidewalk on the opposite side of the street.
- Please use extra caution when walking near construction zones and follow all signage and instructions from traffic control personnel.
- Accessibility will be prioritized to ensure safe movement for all pedestrians, including those using mobility aids or strollers.

WORK DETAILS:

- Crews will dig a trench along the roadway to install new natural gas lines.
- Once the work is complete, the area will be restored to its previous condition.
- Some drilling may be needed on Hilda Avenue, which could cause noise and vibration. We appreciate your patience while this important work takes place.

PEDESTRIAN DETAILS:

- Sidewalk access will be maintained wherever possible.

TRAFFIC DETAILS:

- Lane reductions will occur on Yonge Street, between Meadowview Avenue and Steeles Avenue West, and through parts of Crestwood Road and Hilda Avenue.
- Heavy machinery will be operating across the work zone.
- Traffic control personnel, including police officers, will be on-site to ensure safe passage for vehicles and pedestrians.
- Expect minor traffic delays, especially during peak travel times.

List of the Work Locations

Location	Summary of Work
Yonge (Meadowview-Crestwood)	Trenching and gas relocation
Crestwood (Powell-Yonge)	Eastbound lane closure
Crestwood (Hilda-Powell)	Full closure for utility trenching
Hilda south of Crestwood	Short-term utility work
Hilda (Crestwood-Steeles)	Right lane closure + restoration
Corner of Hilda & Steeles	Utility work wrapping onto both roads
Steeles (east of Hilda)	Extended curb lane work
Steeles (center lanes)	Two center lanes closed (Hilda to Yonge)

TEMPORARY BUS STOP RELOCATIONS:

- Some TTC and YRT bus stops may be temporarily relocated within the construction zone.
- Please check TTC.ca and YRT.ca for the latest updates on stop relocations or route changes.
- Signage will be posted at any impacted stops to guide riders to temporary locations.

Community Engagement

- We are improving transit in your community. You may have questions or need to get in touch with us as work progresses.
- Metrolinx has a dedicated community engagement team in place that works with residents and businesses across York Region.
