

# Georgetown GO Station Parking Lot Rehabilitation and Electrical Updates

Metrolinx is bringing faster, more frequent service to the Kitchener Line. Construction is now underway on projects that will make way for improvements to station amenities along the line.

## WHAT IS HAPPENING?

- On Wednesday, February 5, 2025, electrical installation begins in the north parking lot and work will then move to the south parking lot.
- Subsequent phases of the work include south and north parking lot reconstructions which includes parking lot asphalt and concrete curb replacement, poles and fixtures installations.

## WHAT THIS MEANS FOR YOU?

- Work will be completed Monday to Friday between the hours of 7:00a.m. and 5:00p.m. Some daytime weekend work will also be required
- Residents may experience some noise and vibration when saw cutting and excavation of existing asphalt to accommodate for conduit trenching is completed.
- There are no expected vehicle or pedestrian impacts.
- Surrounding streets will be regularly watered and swept to control dust and debris.
