

# Overnight lane restrictions on McCowan Road at Bushby Drive

**Start date/Duration:** Week of May 15, 2025

**Hours of work:** Weeknights overnight, 10:00 p.m. to 5:00 a.m.

*Note: Work may be delayed or rescheduled due to weather conditions or unforeseen circumstances*

## What is happening?

- Starting in early May 2025, crews will begin drilling work for the installation of pressure relief wells, which will support the tunnel boring machine (TBM) as it passes underground.
- The work site will be located on McCowan Road northbound at Bushby Drive, as shown on the map.

## Vehicle diversions

- There will be lane restrictions northbound on McCowan Road approaching and beyond the intersection of Bushby Drive.
- Diversions will be indicated with signage and barriers, and flaggers will be present.
- To ensure pedestrian and driver safety, construction crews will occasionally temporarily close traffic lanes and sidewalks along McCowan Road. Signage will alert drivers and pedestrians to these temporary closures and detours.

## What to expect?

- Expect noise from on-site construction equipment, vehicles, truck-mounted drills, and other machinery.
- Traffic barrels and barriers will be in place to separate and secure work zones.
- Please take care when travelling near construction areas and watch for additional signs directing pedestrians. Clear and defined walking paths will be maintained to ensure pedestrian safety.

## About the project

- A nearly eight-kilometre subway extension will extend Line 2 further into Scarborough.
- Three new stops will have connections to up to six other transit options, including TTC buses, GO train, GO buses, Line 5 Eglinton, Durham Region Transit, and the proposed Sheppard Extension.
- The extension will accommodate up to 105,000 daily boardings and put 34,000 more jobs within walking distance to rapid transit.
