

Scarborough Subway Extension

Community Tree Giveaway

Sunday, June 1st, 2025
9 a.m. to 12:00 p.m. or while
supplies last

Toronto Public Library -
Bendale Branch
1515 Danforth Rd,
Toronto, ON M1J 1H5

 **METROLINX**

The **Scarborough Subway Extension** will bring the TTC's Line 2 subway service nearly eight kilometres farther into Scarborough. It will extend from Kennedy Station to Sheppard Avenue and McCowan Road, providing quick and seamless transit for those heading into and out of the downtown core and those travelling within Scarborough.

Committed to a green future

We're committed to keeping communities green and thriving. We're partnering with the Toronto and Region Conservation Authority and Kayanase Greenhouse from Six Nations of the Grand River to give away native trees and shrubs to the communities around the future Scarborough Subway Extension.

We're giving away 300 native trees and shrubs through this community tree giveaway event. This is one of the ways we are returning greenery to the community. Stop by to meet the team and pick up a tree or shrub to take home.

Be sure to visit **ontarioonecall.ca** before you plant your tree or shrub.
