

# Davenport Road Fire Hydrant Installation Davenport Diamond Guideway

June 23-30, 2025

## PROJECT OVERVIEW

The Davenport Diamond Guideway project supports Metrolinx's GO Expansion program, enabling two-way, all-day frequent service on the Barrie GO Line.

GO service is expanding to serve you better by delivering upgrades to GO stations, corridor and tracks. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.

## WHAT YOU NEED TO KNOW

A partial closure will be required on Davenport Road under the Metrolinx bridge, west of Caledonia Park Road and east of Wiltshire Avenue, for the installation of a new fire hydrant.

Partial lane closures will be required. During the partial closure, traffic will be shifted but will remain open in both directions. One sidewalk will be closed during construction; pedestrians will be detoured by signage.

## WHAT TO EXPECT

- Residents should anticipate construction activities that may involve noise, lights, and heavy machinery. These disturbances could occur at any time throughout the project.
- The work will be carried out as quickly and efficiently as possible to minimize disruptions. However, residents and businesses in the area should be prepared for some noise from vehicles, equipment, machinery, and crews during this period.

## PEDESTRIAN DETAILS

- One sidewalk will be closed during construction. There will be detour signage located at Wiltshire Ave and Caledonia Park Rd.

## TRAFFIC DETAILS

- Expect narrowed lanes and partial closures for vehicles. Davenport Road will have only one lane available for vehicles traveling in both east and west directions.
- Bike lanes will be closed; therefore, all road users must follow the applicable rules.

## CLOSURE DURATION & WORK HOURS

- The partial closure is set to occur from June 23 to June 30, 2025, and will remain in effect at all hours during these dates.
- Construction working hours are from Monday through Friday, 7 a.m. to 7 p.m.
