

St. Clair-Old Weston GO: Daylighting Utilities

Monday, July 14 – Friday, July 18, 2025*

**Date may be rescheduled due to inclement weather or unforeseen circumstances.*

What Is Happening

As part of preparatory works for the future SmartTrack St. Clair-Old Weston GO station, crews will be conducting subsurface utility engineering investigations to accurately establish locations of underground utilities. A hydro excavation truck (hydro-vac) will be used to open several test-pits at Weston Road and Nashville Avenue to assess the utilities and record their locations. When the work is complete, all the test-pits will be back-filled and closed.

This work will occur during daytime hours between 7:00 a.m. and 5:00 p.m. for a three-day period between Monday, July 14 and Friday, July 18, 2025.

WHAT TO EXPECT

- A hydrovac truck will be used to open test pits and expose underground utilities.
- Some noise, vibration, and dust are expected during construction due to use of heavy machinery.
- Crews will take all reasonable measures to minimize disturbances to residents and businesses.

HOURS OF WORK

- Construction activities will take place during daytime hours between 7:00 a.m. and 5:00 p.m.

LOCATION OF WORK

- Work activities will occur in two areas (Figure 1):
 - Weston Road (north of Rogers Road)
 - Nashville Avenue (west of Forbes Avenue)

PEDESTRIAN DETAILS

- A section of the sidewalk on the east side of Weston Road (north of Rogers Road) will be temporarily closed.
- Pedestrians on Weston Road will be redirected to the following crosswalks on:
 - Rogers Road (south of the work zone)
 - Black Creek Drive (north of the work area)

TRAFFIC DETAILS

- Weston Road: Crews will temporarily occupy one northbound lane for daylighting work. Traffic control devices and equipment will direct vehicles through the work zone on Weston Road.
- Nashville Avenue: Nashville Avenue will be temporarily closed west of Forbes Avenue during this work. Crews will maintain local access to businesses.
- Please watch for slow-moving construction vehicles and equipment entering/exiting the work zones.

TRANSIT INFORMATION

- Nearby GO Transit and TTC service will not be impacted.
- Transit stop #4713 (TTC route 161) on Weston Road will remain open during this work.

COMMUNITY ENGAGEMENT

- Metrolinx has a dedicated community engagement team in place that works with residents and businesses in the Toronto West area.
- If you have any questions, please contact us using the information provided below.
