

# Lane closures on McCowan Road and Bushby Drive for maintenance work

**Start date:** Week of June 23<sup>rd</sup>, 2025 to week of June 30<sup>th</sup>, 2025

*Note: Dates may be impacted due to weather conditions or unforeseen circumstances.*

## What is happening?

- Crews working on behalf of Metrolinx will be closing two northbound lanes along McCowan Road, south of Bushby Drive. The right two northbound lanes will be closed just before Bushby Drive to safely accommodate ongoing construction.
- In addition, to prepare for continuous work on the Scarborough Subway Extension, lane closures will also be in effect further south on McCowan Road.

- This maintenance work supports the ongoing underground construction for the Scarborough Subway Extension

## Vehicle diversions

- One northbound lane on McCowan Road going towards Highway 401 will remain open to traffic. Vehicles traveling northbound on McCowan will continue to have access to turn left onto Bushby Drive.
- Diversions will be indicated with signage and barriers, and traffic control personnel will safely guide pedestrian and vehicle traffic.

## What to expect?

- Traffic barrels, fencing, and barriers will be in place to separate and secure work zones.
- Clear and defined walking paths will be maintained to ensure pedestrian safety. Please take care when travelling near construction areas and watch for additional signs directing pedestrians.

## About the project

- A nearly eight-kilometre subway extension will extend Line 2 further into Scarborough.
- Three new stops will have connections to up to six other transit options, including TTC buses, GO train, GO buses, Line 5 Eglinton, Durham Region Transit, and the proposed Sheppard Extension.
- The extension will accommodate up to 105,000 daily boardings and put 34,000 more jobs within walking distance to rapid transit.
