

Long Branch GO Station:

Amenities & Accessibility Improvement Project

Construction Liaison Committee

LAND ACKNOWLEDGEMENT

Let us take a moment to acknowledge we are on lands that have been, and continue to be, home to many Indigenous Peoples including the Anishnabeg, the Haudenosaunee and the Huron-Wendat peoples.

We are all Treaty people. Many of us have come here as settlers, as immigrants or involuntarily as part of the trans-Atlantic slave trade, in this generation, or generations past.

We acknowledge the historic and continued impacts of colonization and the need to work towards meaningful reconciliation with the original caretakers of this land.

We acknowledge that Metrolinx operates on territories and lands covered by many treaties that affirm and value the rights of Indigenous communities, Nations and Peoples.

We understand the importance of working towards reconciliation with the original caretakers of this land. At Metrolinx, we will conduct business in a manner that is built on a foundation of trust, respect and collaboration.

SAFETY MOMENT

RESPIRATORY ILLNESSES ARE SURGING EARLIER THIS YEAR AND SOME INDIVIDUALS ARE EXPERIENCING MULTIPLE INFECTIONS AT ONCE (e.g., COVID + FLU or COVID + RSV). CONSIDER SAFE PRACTICES LEARNED FROM PANDEMIC.

Consider staying home if you feel sick or unwell.

Wear a well fitted mask while indoors and/or in crowded areas.

Practice physical distancing and stay 2 metres apart.

Clean work surfaces and tools after use.

Consider in-person attendance requirements for meetings.

TERMS OF REFERENCE

PURPOSE OF THE CONSTRUCTION LIAISON COMMITTEE

As Metrolinx moves forward with significant construction activities for the on-going construction for the Long Branch Amenities and Accessibility Improvement Project, we are committed to continuing meaningful dialogues with residents and stakeholders regarding issues related to construction progress and activities. This committee will provide a communication vehicle between residents, businesses, stakeholders, the contractor, and Metrolinx with respect to construction issues.

CONSTRUCTION LIAISON COMMITTEE STRUCTURE

Metrolinx continues to have an on-going relationship with the Long Branch community by keeping residents and businesses up to date with construction notices and project updates. The Construction Liaison Committee will commence in October of 2024 and will disband once construction for the project is complete.

RESPONSIBILITIES OF THE CONSTRUCTION LIAISON COMMITTEE

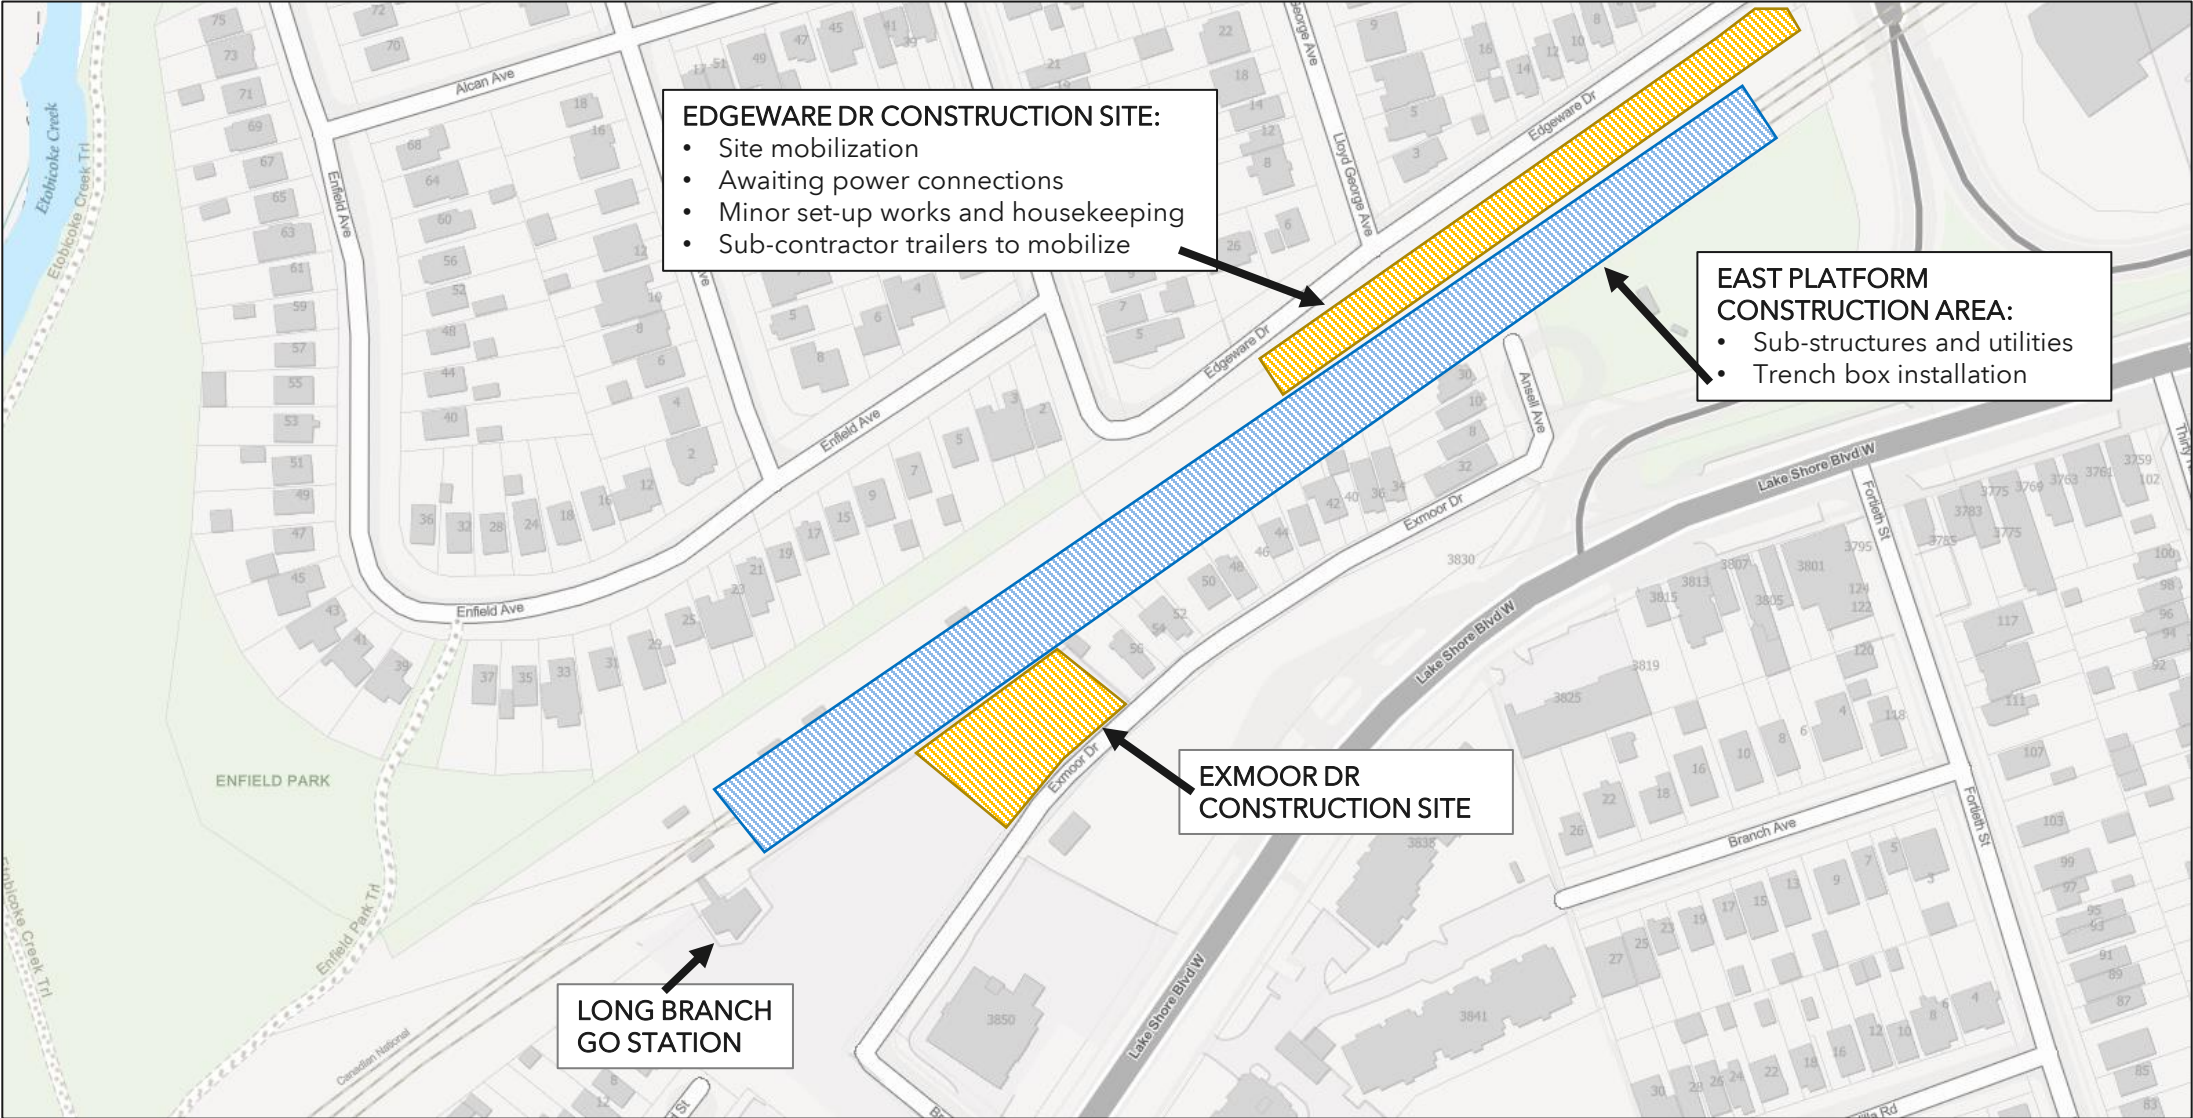

1. To provide feedback to Metrolinx on construction issues related to the Long Branch Amenities and Accessibility Improvement Project.
2. To provide a forum for discussion on issues and concerns for community members, businesses, and stakeholders, with respect to Long Branch GO Station construction upgrades.
3. To serve as a communication conduit to residents/community members.

New station layout and features

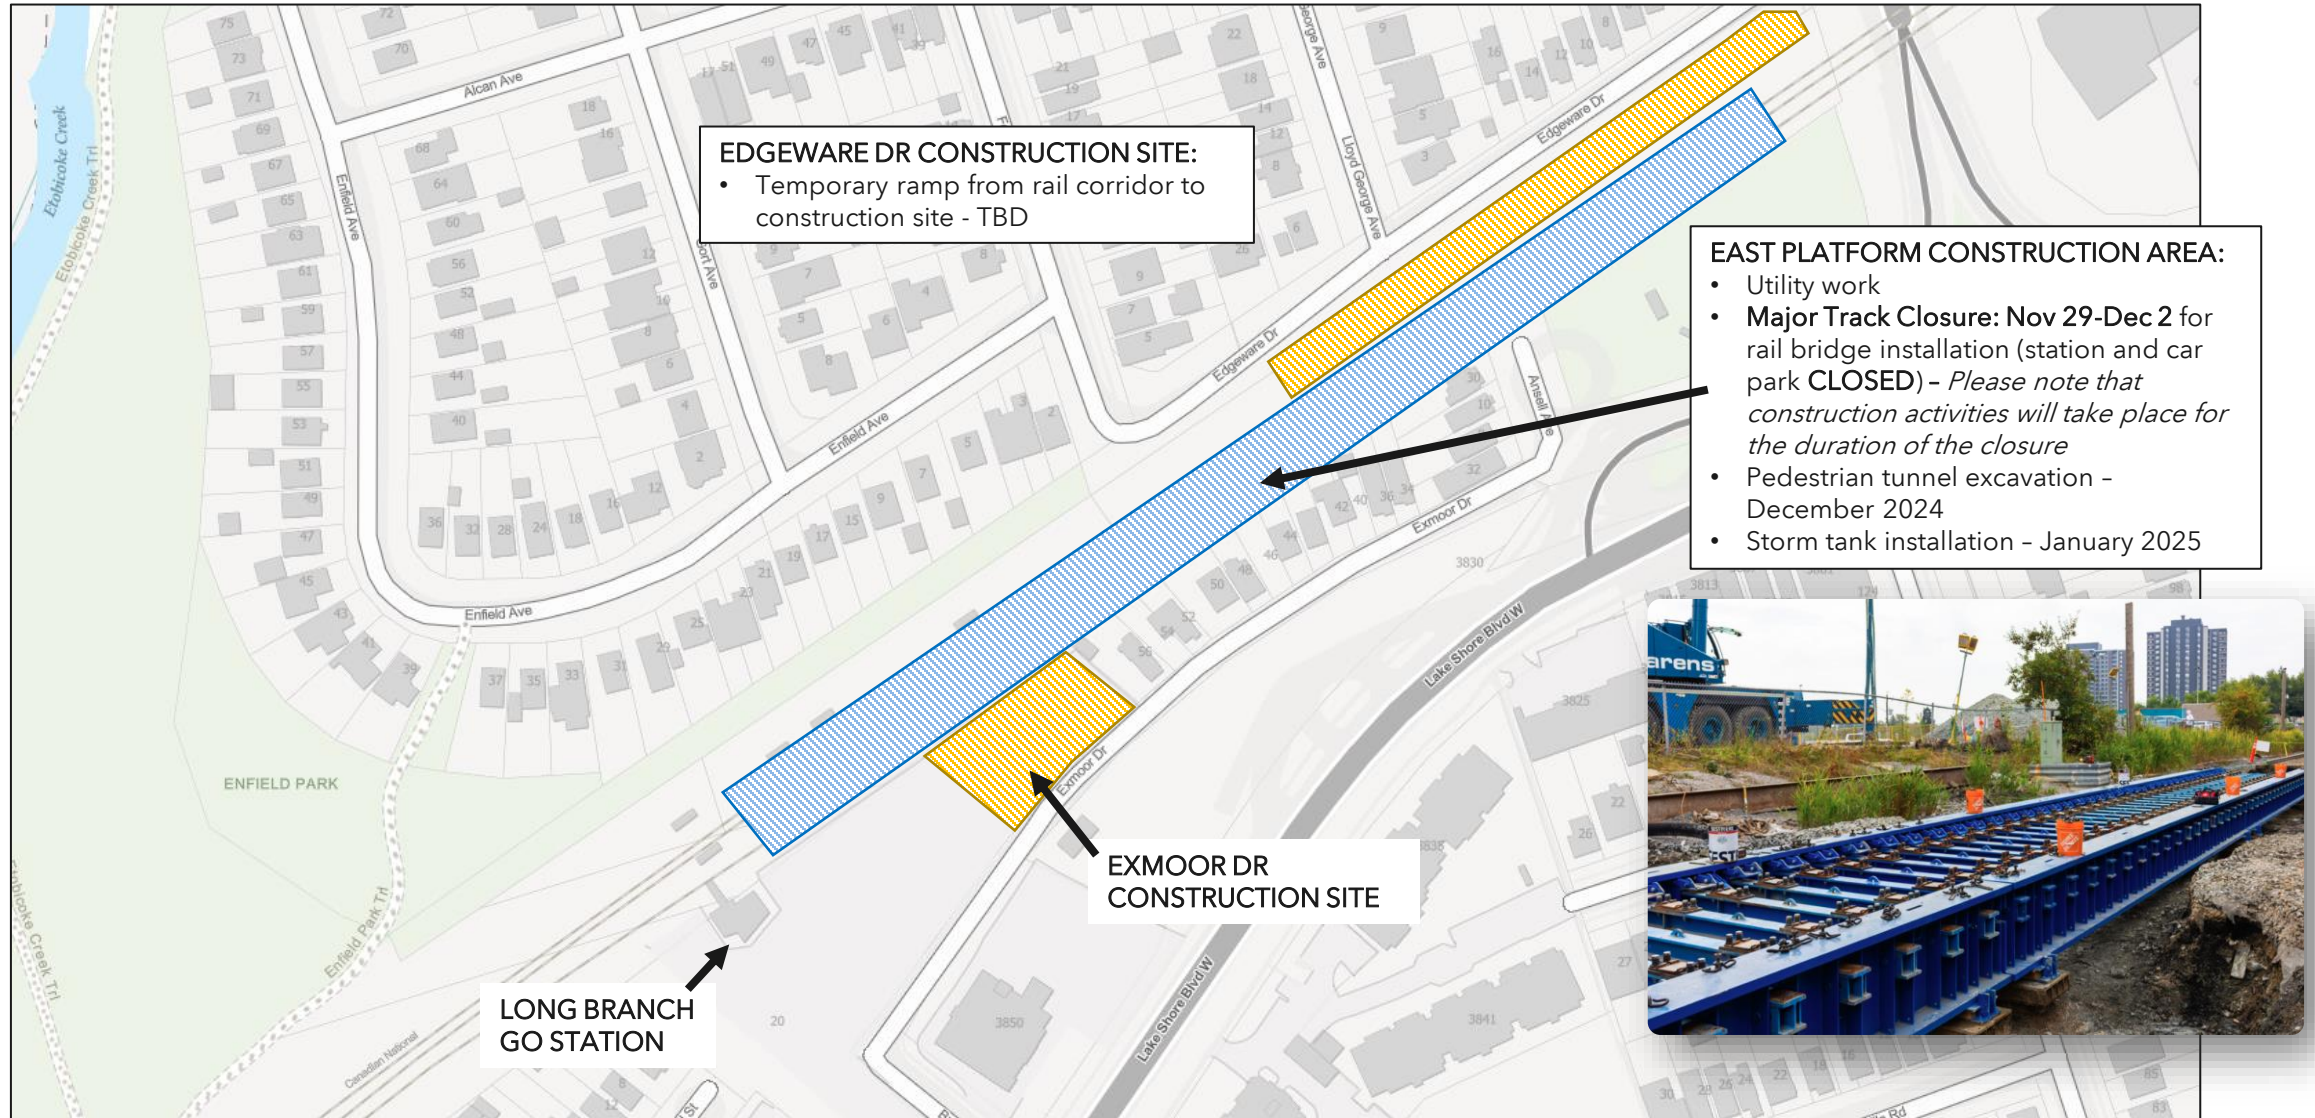

- 
1. West station building
2. East station building
3. Long Branch loop
4. Main parking area
5. Passenger pick-up and drop-off
6. West tunnel
7. East tunnel
8. Covered stairway to Edgeware Drive
9. Bicycle storage

Construction Notice

Long Branch GO: Weekend and Overnight Work

November 29 - December 02, 2024

Figure 1: Aerial image showing the work area located at the northeastern part of the site. Not to scale. For illustrative purposes only.

What Is Happening

Starting November 29, crews will be installing temporary rail bridges on top of the current tracks to maintain service while Long Branch GO Station is under construction. This work will occur on the weekends and overnight when trains are not running. The station will be closed over the weekend (exact timings overleaf). **On-going platform substructure and utility work within the rail corridor will continue overnight.**

Project Overview

Metrolinx's GO Expansion program is delivering more GO service across the network, including trains every 15- minutes or better on the Lakeshore West Rail Corridor. To support GO Expansion, we are upgrading the rail network and our GO stations to enable more frequent and fully accessible service. This includes accessibility and amenity improvements to Toronto's Long Branch GO Station located at 20 Brow Drive in Etobicoke.

WHAT TO EXPECT

- Residents should expect some noise, vibration, dust, and site lighting. Our staff will take reasonable precautions to minimize disturbances to residents and commuters, including but not limited to the following:
 - Reduced idling of non-essential equipment
 - Pointing lights away from residential windows
 - The work area will be safely delineated.

HOURS OF WORK

- The work will begin in the evening of Friday, November 29th, 2024, and continue into the early morning of Monday, December 2, 2024.
- East platform works are on-going until August 2025 and will be overnight.

LOCATION OF WORK

- Work will be taking place on the East side of the station within our laydown and the rail corridor.

PEDESTRIAN DETAILS

- Pedestrians will not be able to access Long Branch GO.
- The temporary pathway from Edgeware Drive will remain open, however, access to north platform from the temporary pathway will be closed.
- Please exercise caution around active construction sites.

TRAFFIC DETAILS

Information as of: September 25, 2024
