

Long Branch GO Station:

Amenities & Accessibility Improvement Project

Construction Liaison Committee

LAND ACKNOWLEDGEMENT

Metrolinx acknowledges that we connect communities by building and operating transit within the traditional lands of the Anishinaabe, the Haudenosaunee and the Huron-Wendat peoples, for whom these lands continue to have great importance.

Treaties between First Nations and governments cover these lands, and the promises contained in these Treaties remain relevant to this day.

Metrolinx and its employees are committed to understanding the history of these lands and the continued impacts of colonization and take responsibility for actions to advance reconciliation.

Metrolinx will continue to seek the knowledge, expertise and experience of Indigenous partners and commits to doing business in a manner that is built on a foundation of trust, respect, and collaboration.

SAFETY MOMENT

TRAIN AND RAILROAD SAFETY TIPS FOR PEDESTRIANS AND VEHICLES:

Pay attention when near tracks. Never wear headphones, text or talk on the phone when near tracks.

Never stop your vehicle near railroad tracks.

Always obey safety signals at crossings.

Never walk on railroad tracks unless you are crossing at a designated crossing.

Give trains plenty of space when they are passing.

TERMS OF REFERENCE

PURPOSE OF THE CONSTRUCTION LIAISON COMMITTEE

As Metrolinx moves forward with significant construction activities for the on-going construction for the Long Branch Amenities and Accessibility Improvement Project, we are committed to continuing meaningful dialogues with residents and stakeholders regarding issues related to construction progress and activities. This committee will provide a communication vehicle between residents, businesses, stakeholders, the contractor, and Metrolinx with respect to construction issues.

CONSTRUCTION LIAISON COMMITTEE STRUCTURE

Metrolinx continues to have an on-going relationship with the Long Branch community by keeping residents and businesses up to date with construction notices and project updates. The Construction Liaison Committee will commence in November of 2024 and will disband once construction for the project is complete.

RESPONSIBILITIES OF THE CONSTRUCTION LIAISON COMMITTEE

1. To provide feedback to Metrolinx on construction issues related to the Long Branch Amenities and Accessibility Improvement Project.
2. To provide a forum for discussion on issues and concerns for community members, businesses, and stakeholders, with respect to Long Branch GO Station construction upgrades.
3. To serve as a communication conduit to residents/community members.

Construction Notice

Long Branch GO: Overnight Track Work

April 11-14, 2025

Aerial image showing the work area. The work area is at the northeastern part of the site. Please note: the size and boundaries of the site shown are approximate.

What Is Happening

There will be a minor track closure over the weekend of April 11-14. Over the weekend, crew members will be removing track, digging trenches for utilities, and then reinstalling track. Additionally, crew members will also be installing mechanical and electrical utilities on the south platforms and will be crossing these utilities underneath Track 3. To complete this work during the weekend track closure, overnight work will be needed.

On Saturday and Sunday (April 12-13) GO Trains will operate an hourly schedule on the Lakeshore West railway corridor. Please check and plan your trip in advance at:

 **METROLINX**

Project Overview

Metrolinx's GO Expansion program is delivering more GO service across the network, including trains every 15- minutes or better on the Lakeshore West Rail Corridor. To support GO Expansion, we are upgrading the rail network and our GO stations to enable more frequent and fully accessible service. This includes accessibility and amenity improvements to Toronto's Long Branch GO Station located at 20 Brow Drive in Etobicoke.

WHAT TO EXPECT

- Construction crews will be occupying Track 2 and 3 with excavators to move track panels and dig the trenches for the utilities. Compaction equipment will then be used to reinstate the ground and reinstall the track.
- Residents should expect some noise, along with, vibration, dust, and site lighting.
- Our staff will take reasonable precautions to minimize disturbances to residents, including but not limited to the following:
 - Reduced idling of non-essential equipment
 - Pointing lights away from residential windows
 - The work area will be safely delineated and within the rail corridor

HOURS OF WORK

- Work for the weekend closure will start at 10:00 pm on Friday, April 11th and be completed at 5:00 am on Monday, April 14th.
 - Overnight hours will apply (7:00 pm - 7:00 am)

Information as of: March 17, 2024

- Subscribe to our e-blast: metrolinx.com/subscribe

LOCATION OF WORK

- Work will be taking place on the East side of the station within our laydown area and the rail corridor - as shown on page 1.

PEDESTRIAN DETAILS

- The South platform will not be operational this weekend.

TRAFFIC DETAILS

- Please be aware that there will be an increase in the number of construction vehicles accessing the site over the weekend.

TRANSIT INFORMATION

- Lakeshore West train service will operate on an hourly schedule.

COMMUNITY ENGAGEMENT

- Metrolinx has a dedicated community engagement team in place that works with residents and businesses in the Toronto West area.
