

# Temporary Lane Closures: University Avenue Southbound and Northbound Impacts - Night Work

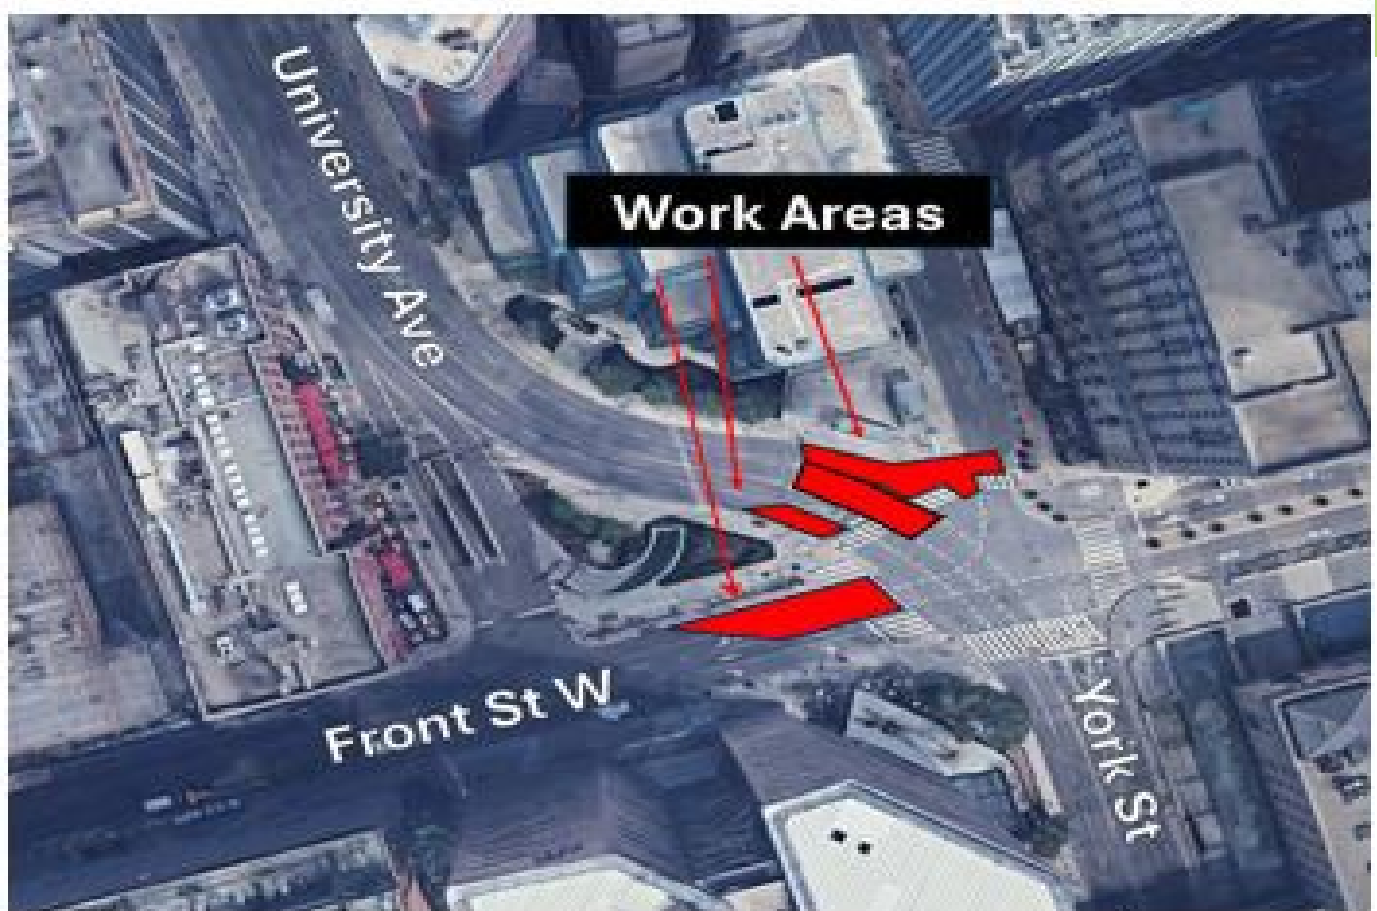

Figure 1:

Work Area impacting University Avenue, north of Front Street West, York Street, and Front Street West

August 25 - 30, 2025

## What Is Happening

From August 25<sup>th</sup> to August 30<sup>th</sup>, 2025, sewer investigations will be underway in the northbound and southbound lanes of University Avenue north of Front Street West. These investigations include using vacuum excavation to expose the existing conditions of underground utilities. This requires sidewalks and road lanes to be occupied to facilitate this work. As a result, vehicular traffic will be restricted to the center lanes through the duration of this work, scheduled during the hours of 8:00 p.m. to 5:00 a.m. from August 25 to August 30, 2025. The closures will be sequential to mitigate traffic and pedestrian impacts.

## Project Overview

Metrolinx is upgrading Union Station to support the creation of a network that has the capacity to deliver two-way, all-day service every 15 minutes or better along core segments of the GO rail network. This includes improved GO train platforms with canopies, more stair and elevator access platforms, and a continuous concourse between Bay and York Streets.

### WHAT TO EXPECT
