

Overnight Grade Crossing Enhancements and Temporary Lane Closures near the Lakeshore West Rail Corridor

August 4, 2025 to Late August 2025

This map is for illustrative purposes only. Work will proceed in stages, occupying one working area at a time.

Project Overview

GO service is expanding to serve you better, with more frequent service, more stations, cleaner technology, and more connections across the entire network. Our goal is to deliver over 10,000 train trips a week - so you won't need a schedule because you know the next train will be coming soon. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid system.

What is happening?

As part of grade crossing enhancements for the GO Expansion project to enhance road safety, crews will be painting yellow high-visibility boxes onto the pavement near grade crossings along the Lakeshore West rail corridor. The affected crossings include Haig Blvd, Ogden Rd, Alexandra Ave, Revus Ave, Stavebank Rd, Lorne Park Rd, and Clarkson Rd. To ensure a safe work environment, this work will require temporary partial lane closures and will take place overnight when GO trains are not in service.

Activity	Timescale	Hours	Description of work
Grade Crossing Enhancements	Haig Blvd: Aug 4, 5, 6 Ogden Rd: Aug 7, 8 Alexandra Ave: Aug 11, 12 Revus Ave: Aug 13, 14, 15 Stavebank Rd: Aug 18, 19 Lorne Park Rd: Aug 20, 21, 22 Clarkson Rd: Aug 25, 26, 27	Monday-Friday: 10pm-5am (overnight)	To enhance roadway safety, crews will be painting yellow high-visibility boxes onto the pavement near grade crossings. This work will require temporary and partial lane closures within 50 metres of the tracks for 2-3 nights at each location.

HOURS OF WORK

- Painting is scheduled to take place Monday to Friday beginning August 4, 2025, between 10:00 p.m. and 5:00 a.m., and will move within the areas highlighted on the map for 2-3 nights at each location.

WHAT TO EXPECT

- Crews will be painting yellow high-visibility boxes onto the pavement near the grade crossings to enhance safety.
- Residents nearby can expect some overnight noise, and site lighting near the rail corridor.
- Staff will take reasonable precautions to minimize disturbances to residents and commuters, including but not limited to the following:
 - Reduced idling of non-essential equipment.
 - Pointing lights away from residential windows.
 - The work area will be safely secured.
 - White noise backup alarms on vehicles and machinery as required.
- Work may take place within and outside of the rail corridor.
- Work taking place outside of Metrolinx property will have the required permits and approvals from municipal or regional authorities.
- Work may be rescheduled due to inclement weather or unforeseen circumstances.
- We apologize for any inconvenience and ask for your patience as we complete this critical work.

PEDESTRIAN, TRAFFIC AND TRANSIT DETAILS

- Temporary lane adjustments are required to complete this work safely.
- Traffic control persons will direct motorists safely around active work areas.
- One lane and sidewalk will always remain open to motorists and pedestrians.
- Work areas will be set up with clear signage and delineation.
- There are no anticipated impacts to public transit.
- Please continue to exercise caution around active construction sites.

COMMUNITY ENGAGEMENT

- Metrolinx has a dedicated community engagement team in place that works with residents and businesses in the area.
- If you have any questions, please contact us using the information provided below.
