

# Update: Lane restrictions and diversions on McCowan Road near Nugget Avenue

**Schedule – revised:** Mid-August to early October 2025

**Hours of Work:** 7:00 a.m. to 5:00 p.m., weekdays

*Note: Dates may be impacted due to weather conditions or unforeseen circumstances.*

## What is Happening

- As part of Scarborough Subway Extension construction, lane diversions and reductions will be implemented on McCowan Road near Nugget Avenue.
- These lane adjustments are needed to facilitate the relocation of a watermain, as work continues at the location of the future Scarborough Subway Extension line.

## What to Expect

- The southbound lanes on McCowan Road will be diverted to the east and traffic reduced to two lanes in each direction, as illustrated in the map.
- Left turns from the northbound McCowan Road lanes into the Canadian Tire Plaza will not be possible.
- Crews will be using excavators, concrete saw cutters, and hydro vac trucks to remove asphalt and gravel and dig a trench to perform watermain relocations.
- The sidewalk adjacent to the work will remain accessible.
- Pedestrian, driver and worker safety will be ensured with the use of appropriate signage, traffic flaggers and/or paid duty officers, and barriers or fencing to define lanes, walkways and work areas.
- Nearby residents may hear noise from this construction activity. Crews will be monitoring the activity and will take steps to mitigate noise where possible.

## About the Project

- A nearly eight-kilometre subway extension will extend Line 2 further into Scarborough.
- Three new stops will have connections to up to six other transit options, including TTC buses, GO train, GO buses, Line 5 Eglinton, Durham Region Transit, and the proposed Sheppard Extension.
- The extension will accommodate up to 105,000 daily boardings and put 34,000 more jobs within walking distance to rapid transit.
