

Bay Street Road Closure - Bridge Investigations

October 20 to November 7, 2025 (timeline subject to change)

What is happening?

From October 20th to November 7th, 2025, bridge investigations will be underway in the Bay East Teamway and Bay Street below the rail bridge located north of Lake Shore Boulevard West, and south of Front Street. Nightly intermittent road and sidewalk closures will be in effect while the work is ongoing. One lane in each direction and one sidewalk will be maintained during work hours.

These investigations include the use of a scissor lift to inspect the bridge above, and the intermittent closure of sidewalks and road to complete sampling of the bridge columns and bridge deck.

Project Overview

Metrolinx is upgrading Union Station to support the creation of a network that has the capacity to deliver two-way, all-day service every 15 minutes or better along core segments of the GO rail network. This includes improved GO train platforms with canopies, more stair and elevator access platforms, and a continuous concourse between Bay and York Streets.

WHAT TO EXPECT

- Nightly intermittent road and sidewalk closures on Bay Street. Overnight closure of Bay East Teamway.
- Vehicles including a scissor lift.
- Construction impacts including coring and chipping concrete.
