Artist's rendering of the Davenport Diamond Greenway. Subject to change.

The GO Expansion program will provide a range of improvements across the GTHA:

The Davenport Diamond Guideway

The Davenport Diamond Guideway opened in April 2023 to GO train service.

Minor service improvements continue to be made to provide the best possible GO service.

The elevated guideway improves service reliability and eases congestion by allowing GO trains to travel over freight tracks.

Benefits of the Greenway

The Davenport Diamond Greenway is an exciting feature of the GO Expansion Program that demonstrates how expanded public transit access and increased options can coexist with, and even provide new opportunities for, essential community spaces.

The Davenport Diamond Greenway will include:

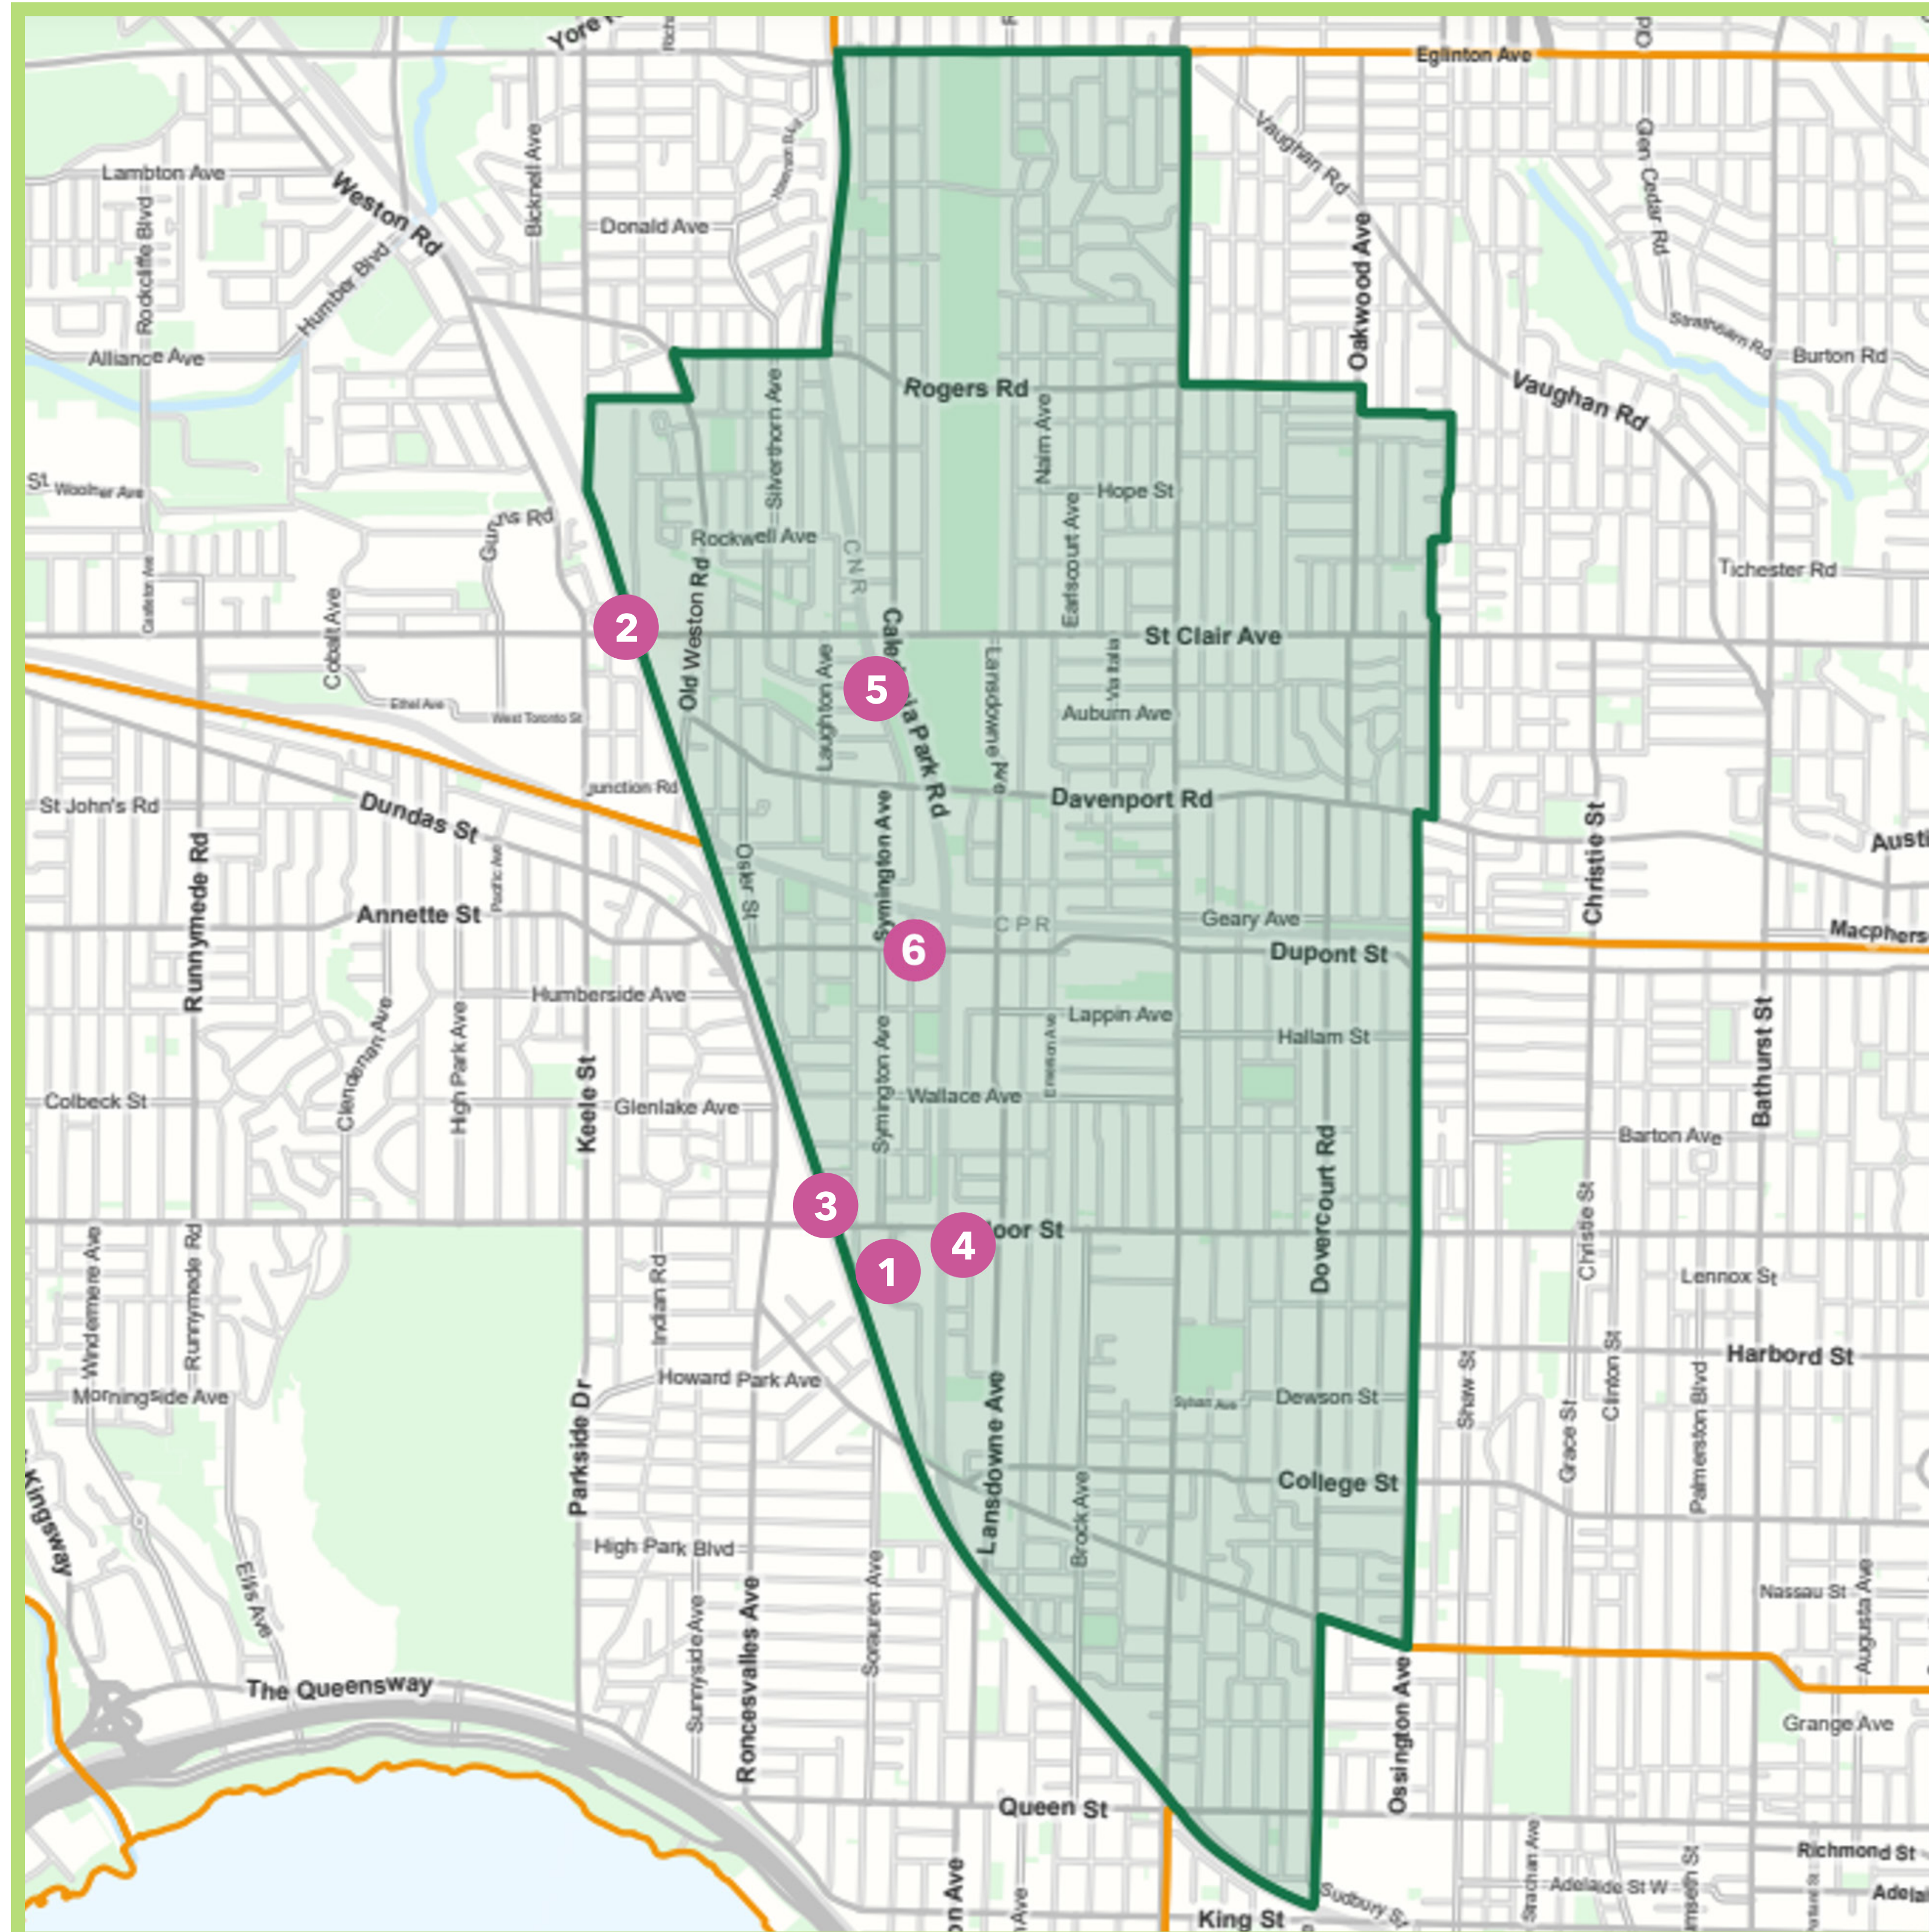

- Fully accessible multi-use trail for both pedestrians and cyclists.
- A sustainable approach to landscaping and planting.
- Gardens that will promote pollination.
- Gathering spaces for the community.

Davenport Diamond Guideway & Greenway - Schedule Milestones

Capital Projects in Davenport

Map showing the approximate location of capital projects in Davenport. Not to scale. For illustrative purposes only.

- 1 Kitchen 4th Track & WTRP Realignment

Davenport Diamond Greenway - Vegetation and Greenery

- Metrolinx is excited to bring more green spaces to your neighbourhood - the Davenport Diamond Greenway will feature a diverse array of native plant species throughout the space.
- All the plants included in the Greenway will be sourced and grown locally.
- Check out the three varieties of vegetation we'll be including and give us your thoughts on what plants you'd like to see in the Greenway!

Deciduous Trees

Planting Benefits

Offer seasonal shade, support biodiversity, improve soil, and display vibrant fall color.

Perennial Plants

Planting Benefits

Return yearly, reduce maintenance, support pollinators, and bloom spring to fall.

Shrub Plants

Planting Benefits

Offer habitat for wildlife, prevent erosion, define space, and bloom in various seasons.

What excites you most about the Greenway and the projects we're building in Davenport?

Let us know which plants you're most excited to see!
