

Barrie Rail Corridor Improvements: Upcoming in-corridor drainage works

Friday, November 28, 2025 - Monday, December 1, 2025*

*Dates are subject to change due to inclement weather or unforeseen circumstances.

WHAT IS HAPPENING

As part of advancements being made to the Barrie line, Metrolinx will be working within the rail corridor to create a soakaway pit along Sudbury Street and south of Queen Street West. This work is necessary to prevent the overflow of water into soil around the track. To complete these activities, Metrolinx has established a laydown and site access area at 99 Sudbury Street for workers to enter and bring equipment into the corridor.

These activities will be conducted continuously, day and night, beginning on Friday, November 28 at 9:00 p.m. and ending at 6:00 a.m. on the morning of Monday, December 1. Work will occur during a Major Track Closure, wherein service along the Barrie and Kitchener lines will be paused for the weekend to allow for crews to safely work on the track. We understand night work is not ideal and will do our best to mitigate impacts to residents in the surrounding area.

WHAT TO EXPECT

- Workers at the site will be:
 - Conducting excavation, track cutting, backfilling, and drainage works within the rail corridor (see Figure 1).
 - A fence will also be removed and reinstalled.
 - Equipment to be used includes an excavator, crane, loader, compactor, and various trucks.
- *Noise, dust, and vibration*: There may be some impacts related to noise, dust, and vibration during this work. Metrolinx will utilize noise and vibration monitors to ensure activities remain within acceptable limits.
- *Light*: During overnight work, lighting will be directed at the work zone to minimize light pollution to residents in the surrounding area.
- Metrolinx will implement all reasonable measures to mitigate impacts to nearby residents.

HOURS OF WORK

- Work will take place continuously from the night of Friday, November 28 at 9:00 p.m. to the morning of Monday, December 1, 2025, at 6:00 a.m.

LOCATION OF WORK

- Work will occur within the rail corridor along Sudbury Street and south of Queen Street West.

PEDESTRIAN DETAILS

- No sidewalks or pedestrian pathways will be impacted by either work blocks.

TRAFFIC DETAILS

- There will be no traffic impacts during the work.

TRANSIT INFORMATION

- Work will occur during a pause in service of the Barrie and Kitchener lines over the November 28 - December 1 weekend.

COMMUNITY ENGAGEMENT

- Metrolinx has a dedicated community engagement team in place that works with residents and businesses in the Toronto West area.
- If you have any questions, please contact us using the information provided below.
