

Metrolinx YOUthfest: Hamilton

How's your transit knowledge?

We know how important access to reliable, affordable transit is for busy student life. Transit helps you get where you need to go, with connections across Hamilton and the Greater Toronto Area. That's why Metrolinx is in your community - at school presentations, events and pop ups - to talk to you and other high school students about transit in the region.

YOUthfest is a transit literacy "fair-style" event for Grade 10 students to learn more about using local and regional transit and career options within the transportation sector. Every year we welcome more than 100 young people into the Metrolinx early talent programs, helping to kick-start careers that will help shape the future of transit.

Learn about the work we are doing to engage communities across the region and how to apply for jobs at Metrolinx.

Making possibilities happen through jobs

Our early talent programs help build the leaders of tomorrow while supporting equity, diversity and inclusion. These career programs offer students opportunities for professional development and early talent retention for future jobs at Metrolinx.

Summer Students

- 4-month summer work term
- Students must be at least 15 years of age
- Provides support to Metrolinx teams for seasonal maintenance or clerical work

Young people save more with transit

Student life can be pricey! You have expenses like school supplies, your cell phone bill, and

your social life. Taking transit can help keep your budget in check when you save with special student discounts across local and regional transit.

Set up your Youth Fare discount on your PRESTO card by going in-person at a customer service outlet. Remember to bring your school-issued or government-issued ID.

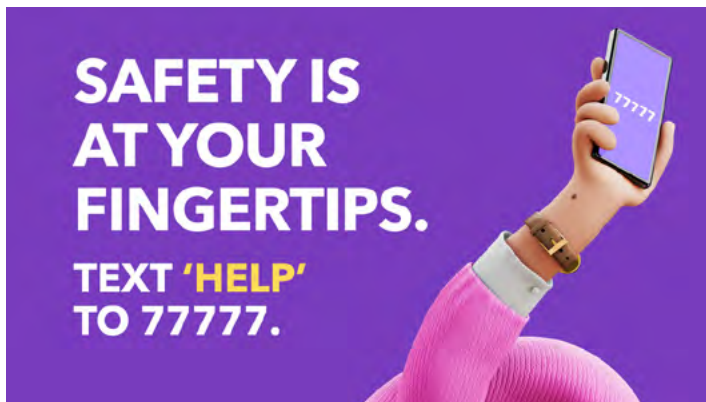

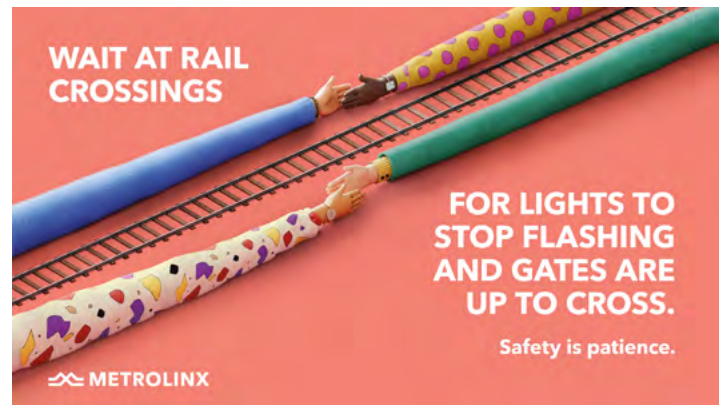

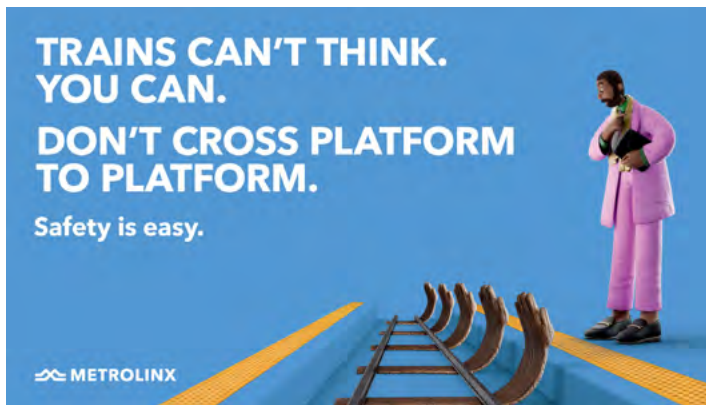

Find more information on fares, discounts and perks

PRESTO

Staying safe keeps us all on track. If you see something, say something.
