

Weekend piling work at Kipling Avenue and Eglinton Avenue West

Scheduled dates: Saturday, January 10, 2026

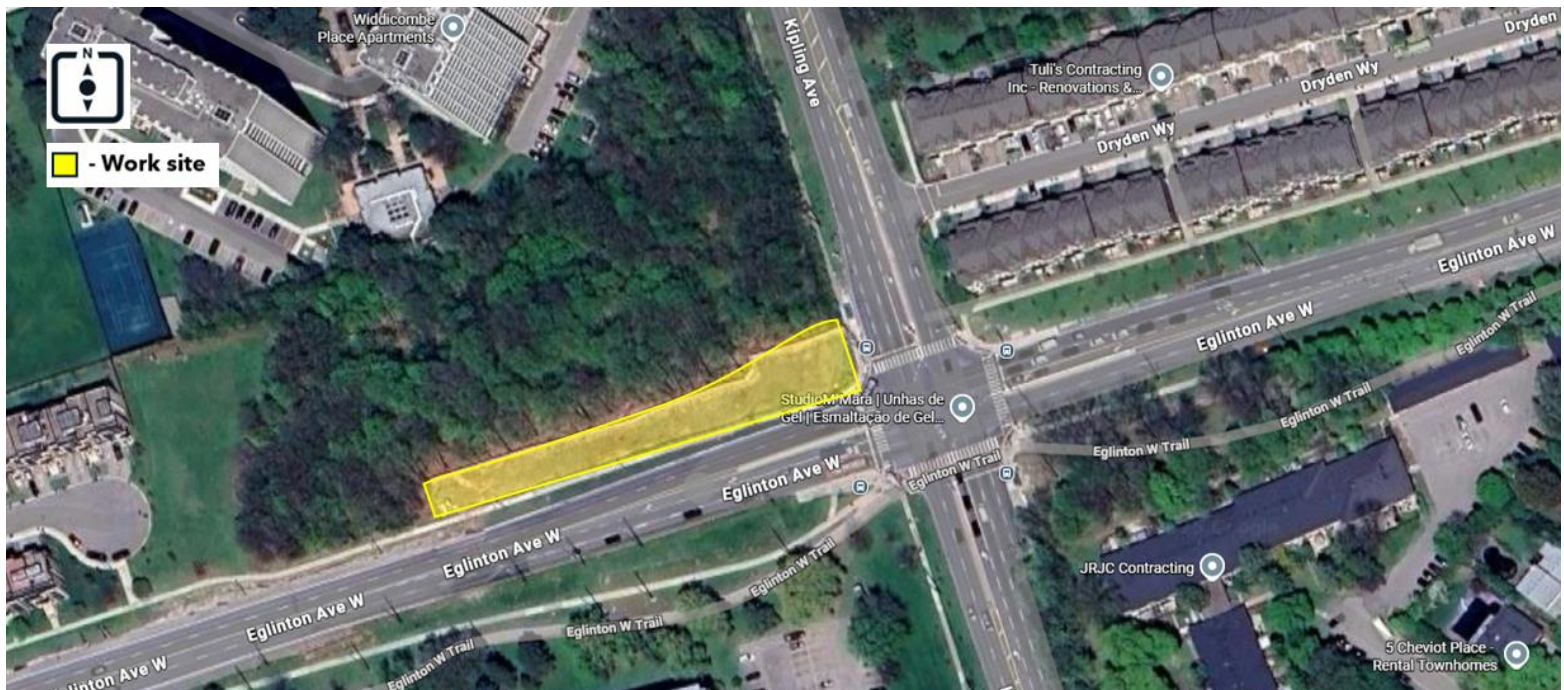

Saturday, January 17, 2026

Saturday, January 24, 2026

Saturday, January 31, 2026

Construction hours: 7:00 a.m. to 5:00 p.m.

Map of work area:

What is happening?

- Crews working on behalf of Metrolinx will be piling northwest of Kipling Avenue and Eglinton Avenue West on the following Saturdays:
 - Saturday, January 10, 2026
 - Saturday, January 17, 2026
 - Saturday, January 24, 2026
 - Saturday, January 31, 2026
- Saturday work has been temporarily added to ensure the project remains aligned with the current construction schedule.
- This work is part of the station box construction on Eglinton Avenue West. A station box is an underground box-like structure that forms the main body of a transit station.
- Piling installation is when crews drill columns of reinforced concrete into the ground to create the foundation and framework for the future underground station.
- Monday through Friday work schedules remain unchanged.

What to expect

- Residents can expect to see and hear noise from large machinery, such as drill rigs, excavators, dump trucks and equipment. Construction lighting may be visible on the work site.
- Measures are being put in place to reduce dust, including the use of water sprayers and biodegradable dust suppressants.
- Noise barrier walls are installed to dampen and reduce noise from construction.
- The information provided is anticipated based on the current construction schedule and is subject to change.

About the project

- The Eglinton Crosstown West Extension will bring even more rapid transit to Etobicoke and Mississauga, making it easier for people to get where they need to be each day.
- The extension of Line 5 Eglinton will run 9.2 kilometres from Mount Dennis Station to Renforth Drive and will operate mainly underground. Once complete, it will create a continuous rapid transit line that stretches from Scarborough, through midtown Toronto, and into Mississauga.
