

Realignment of Eglinton Avenue West near Kipling Avenue

Scheduled start: April 2026

Expected completion: Fall 2026

Construction hours: Weekdays - 7:00 a.m. to 7:00 p.m. Occasional weekend work required.

Map of work area:

What is happening?

- Crews working on behalf of Metrolinx will be realigning the road on Eglinton Avenue West near Kipling Avenue to build the underground station box.
- A station box is an underground box-like structure that forms the main body of a transit station.
- The realignment will remain in place through construction of the station.

What to expect

- Residents can expect to see and hear noise from large machinery, such as drills, excavators, dump trucks and equipment. Construction lighting may be visible on the work site.
- Measures are being put in place to reduce dust, including the use of water sprayers and biodegradable dust suppressants.
- Sound walls, post and panel structures, have been installed around the work sites to dampen and reduce noise from construction.
- Weekend or overnight work may be required. Residents will be provided with updates as they are made available.
- The information provided is anticipated based on the current construction schedule and is subject to change.
- Work is subject to permit approval from the City of Toronto.

Traffic and pedestrian impacts

- One westbound and eastbound lane will be closed during this phase of construction.
- The multi-use path and south sidewalk will be maintained at all times during this phase of construction.
- Northbound bus stop #4304 on the southeast corner of the Eglinton Avenue West and Kipling Avenue intersection will be temporarily relocated 10 meters further south.
- Southbound bus stop #4305 on the northwest corner will be temporarily relocated 60 meters north on the nearside of the intersection.
- Eastbound bus stop #2370 on the southwest corner will be temporarily relocated 90 meters east on the far side of the intersection.
- There will be additional traffic stages related to this work in the future. Further notification will be provided.

About the project

- The Eglinton Crosstown West Extension will bring even more rapid transit to Etobicoke and Mississauga, making it easier for people to get where they need to be each day.
- The extension of Line 5 Eglinton will run 9.2 kilometres from the Mount Dennis Station to Renforth Drive and will operate mainly underground. Once complete, it will create a continuous rapid transit line that stretches from Scarborough, through midtown Toronto, and into Mississauga.
