

Ontario Line

Eastbound lane closure on Wicksteed Avenue for sidewalk and bus pad construction

Expected start date: March 2nd – March 20th, 2026

Hours of work: 7:00 a.m. - 5:00 p.m.

What is happening?

- Metrolinx is constructing an underpass on Beth Neilson Drive, where the existing roadway will be depressed to slope down north and south of the Ontario Line tracks, to accommodate a rail over road grade separation.
- In anticipation for underpass construction to begin, a sidewalk and bus pad will be constructed on Wicksteed Avenue close to the Leslie street intersection.
- The construction of the sidewalk and bus pad will require the closure of the eastbound lane on Wicksteed Avenue between March 2nd and March 13th, 2026.

What to Expect

- The lane closure may impact commuter traffic, TTC, and school bus routes. Delays should be expected.
- There will be an increase in construction traffic travelling in and out of the jobsite.
- **Some minor tree pruning may occur around the bus pad construction area.**
- Traffic control personnel will be present to direct traffic and traffic signage will be posted around the area. Construction pylons will be installed along the roadways to delineate the construction area from active traffic, and other traffic controls will be established.
- Work zones will be marked using signage and safety barriers.

- Work may be delayed due to weather conditions or other unforeseen circumstances. These dates may be subject to change as a result.
- Access for all businesses in the area will be maintained.

About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Approximately 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
