

# UPCOMING: Track Installations at Bronte College Court/Sherobee Road and Hurontario Street Intersection April 2026

## Project Overview

The Hazel McCallion Line project will be an 18-kilometre, 19-stop light rail service connecting people from the Port Credit GO station to the Brampton Gateway Terminal.

## What You Need to Know

Crews are expected to complete track welding and concrete work for guideway installations within the intersection of Hurontario Street and Bronte College Court. Work will begin on the south half of the intersection, and once completed, crews will shift staging to the north half. There will be turn restrictions at the intersection during the construction period. Detour routes will be available via posted signage closer to the date of work. Work is being planned for April 2026.

Overnight work will be required on the first day to safely set up staging in the area. Traffic signal timings will be adjusted to help maintain flow, and pedestrian access will be maintained at signalized crossings; please follow posted signage when traveling through the area.

In accordance with City of Mississauga Noise By-Law Exemption requirements, this notice is meant to advise that residents near the work site can expect to hear noise and vibration caused by trucks, excavators, loaders, triaxles, backhoes, and other construction equipment related to this work.

### **TIMING**

- Confirmed dates and work time will be shared once available.
- Work could be rescheduled and delayed due to weather conditions or unforeseen circumstances.

### **TRAFFIC DETAILS**

- Traffic delays are expected.
- Watch for slow moving vehicles entering and exiting work areas.
- Remember to reduce your speed when approaching lane reductions.

### **WHAT TO EXPECT?**

- Every effort will be made to minimize disruptions.
- Residents and businesses near the work site can expect to hear noise and vibration caused by trucks, excavators, loaders, tri-axles, backhoes, and other construction equipment related to this work.

### **TRANSIT DETAILS**

- Visit [MiWay.ca](http://MiWay.ca) for updates on your bus route.
- Watch for additional signs directing passengers at bus stops as boarding areas may be relocated.

### **PEDESTRIAN DETAILS**

- Please take care when travelling near construction areas.
- Sidewalk access in the area could be affected.
- Watch for additional signs directing pedestrians as detours may be required.
- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety.

### **PROPERTY DETAILS**

- Crews will not require property access for this work.

### **CONTACT US**

- Metrolinx has a dedicated community engagement team in place to work with residents in Peel region through the construction and operation of this transformational transit project.
