

# Temporary lane restrictions on Pape Ave

**Dates and hours:** Monday, March 23, 2026, and Friday, March 27, 2026, between 9:00 p.m. to 5:00 a.m.

## What is Happening?

- Utility monitoring instruments have been installed on Danforth Avenue and Pape Avenue. The two remaining utility monitors are planned to be installed starting Monday, March 23, 2026, and Friday, March 27, 2026, between 9:00 p.m. to 5:00 a.m.
- The monitoring instruments will trigger alerts in the event of excess vibration or settlement so adjustments can be made to prevent any issues.

## Traffic Impacts

- A portion of the lane on Pape Avenue will be closed for a short duration around each ground monitoring instrument during installation.

## What to Expect

- Noise from construction equipment including a hydrovac truck, hand coring equipment, and trucks can be expected.
- Construction equipment and materials will be secured within the work zones.
- Signage and safety barriers will be in place to delineate work zones.
- This work may be delayed due to inclement weather and/or unforeseen circumstances.

## About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar and bus lines.
- Approximately 40 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
