

Tree Removals at Ordnance Triangle Park Emergency Exit Building (EEB)

Expected start date: As early as March 31, 2026

Anticipated Duration: Two days

Hours of work: 9 a.m. to 5 p.m.

What is happening?

- As part of ongoing construction at the future Ordnance Park Emergency Exit Building, crews will be removing 19 trees along the south side of the site, located on Metrolinx property. These 19 trees are non-native and invasive.
- Removal is necessary as the trees interfere with the construction of the retaining wall and are also growing through a fence that is scheduled for removal.
- This work is expected to take two days, starting as early as Tuesday, March 31, 2026, between 9:00 a.m. and 5:00 p.m.

What to expect

- Community members can expect to see construction crews, trucks and machinery.
- Those nearby can expect to hear noise related to the work and will see trucks parked in designated areas to support the work, as required.
- Construction equipment and materials will be secured within the work zone.
- No traffic, transit or pedestrian impacts are expected.
- Work may be postponed or rescheduled due to unforeseen circumstances.
- We strive to minimize construction footprints and impacts on green spaces when building new transit.
- When trees do need to come down, we plant 1 to 50 new trees based on the size and location of the tree being removed.
- Learn more about the measures we take to keep communities safe as we build more transit connections: [metrolinx.com/KeepingCommunitiesSafe](https://www.metrolinx.com/KeepingCommunitiesSafe)
