

Overnight Geotechnical Investigative Work between Mill St. E and Main St. N

June 2026

Work area shown in red. Map is for illustrative purposes only

Project Overview

GO service is expanding to serve you better - with more frequent service, more stations, cleaner technology, and more connections. Across the entire network, our goal is to deliver over 10,000 train trips a week - so you won't need a schedule because you know the next train will be coming soon. GO Expansion will transform the GO rail network from a commuter service into an all-day, rapid rail system.

What is happening?

As part of investigative work for the GO Expansion project, crews will be carrying geotechnical investigations between Mill St. E and Main St. N in Acton. This work will support future track and infrastructure updates. For safety reasons, this work will take place overnight when revenue trains are not in service.

DESCRIPTION OF WORK

Borehole drilling: A drill rig is used to perform investigative works by rotating and pushing a drill head into the ground to a desired depth and to drill boreholes and retrieve soil samples for analysis.

HOURS OF WORK

- Work is expected to take place overnight on June 7th, 21st and 22nd. Work may be rescheduled due to unforeseen circumstances.

WHAT TO EXPECT

- Residents may experience some noise, vibration, dust, and site lighting near the works in the rail corridor.
- Staff will take reasonable precautions to minimize disturbances to residents and commuters, including but not limited to the following:
 - Reduced idling of non-essential equipment.
 - Pointing lights away from residential windows.
 - The work area will be safely secured.
 - White noise back up alarms on vehicles and machinery as required.
- Work will take place within the rail corridor.
- Drilling will be sequenced and moves along the rail corridor as work progresses.
- In some areas, crews may be required to clear a path to move the drill rig, which could involve removal of low-lying vegetation.
- Work may be rescheduled due to inclement weather or unforeseen circumstances.
- We apologize for any inconvenience and ask for your patience as we complete this critical work.

PEDESTRIAN, TRAFFIC AND TRANSIT DETAILS

- There are no anticipated impacts to pedestrians or motorists as the works will take place in the railway corridor.

COMMUNITY ENGAGEMENT

- Metrolinx has a dedicated community engagement team in place that works with residents and businesses in the area.
- If you have any questions, please contact us using the information below.
