

Pape Avenue Sidewalk Restoration

Expected start date: June 15, 2026, for approximately three weeks

Hours of work: Monday-Friday between 7 a.m. and 7 p.m.

What is Happening?

Starting as early as Monday June 15, 2026, work will take place to restore the sidewalk on the east side of Pape Avenue between Lipton Avenue and the bus loop entrance on the north side of Pape Station. The restoration will be done in the following 3 stages:

Stage 1

- Starting June 15, 2026, for approximately one week.
- Restoration will take place on east crosswalk of Lipton Ave. and Pape Ave. intersection.
- Northbound bus stop to be relocated on the south side of Lipton Ave. on Pape Ave.
 - Taxi stop location will be affected during the duration of the works.
- Pedestrians to be diverted to the road.

Stage 2

- Starting June 22, 2026, for approximately one week.
- Restoration will take place just north of Pape Station.
- Northbound bus stop will continue to be relocated on the south side of Lipton Ave. on Pape Ave.
 - Taxi stop location will be affected during the duration of the works.
- Pedestrians to be diverted to the road.

Stage 3

- Starting June 29, 2026, for approximately one week.
- Restoration will take place on southeast corner of Lipton Ave. and Pape Ave. intersection.
- Northbound bus stop will remain in front of Pape Station on the north side of Lipton Ave.
- Pedestrians to be diverted to the road.

Traffic and pedestrian details

- The sidewalk on the east side of Pape Avenue will be temporarily closed during sidewalk restoration. The west sidewalk will remain open for pedestrians. Advance signage will be in place directing pedestrians to use the sidewalk diversion.
- Pedestrians should follow posted signage and only cross at designated crossing at Lipton Avenue. Advance signage will be posted to notify drivers and pedestrians of the closures.
- Northbound traffic on Pape Avenue will be reduced to one lane only between Danforth Avenue and Gertrude Street.
- Traffic may be stopped for short durations while heavy materials or equipment is being lifted, or to allow for the safe entry/exit of construction equipment.

What to Expect

- Noise from construction activities including scraping asphalt, concrete pouring and paving can be expected.
- Noise mitigation measures, including temporary noise barriers and noise reducing equipment, will be implemented as required. Construction activities will include removing the original sidewalk and concrete works for the permanent sidewalk.
- Crews will do their best to minimize community disruption as much as possible.
- Dust mitigation measures, including water suppression, street sweeping, hand sweeping, and barriers will be implemented.
- Traffic barrels, fencing and barriers will be in place to separate and secure work zones.
- Construction equipment and materials will be properly secured within the work zones.
- Work may be delayed due to weather conditions or unforeseen circumstances.

About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar and bus lines.
- Approximately 40 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
