

Drury Lane Pedestrian Bridge Closure

Friday, June 26 5:00 p.m. until Saturday, June 27 5:00 p.m.

During the closure of the Drury Lane Pedestrian Bridge, a taxi shuttle service will be put in place between the two zones shown here. More information overleaf.

WHAT IS HAPPENING

- A temporary bridge closure is required (5 p.m. Friday 26 June to 5 p.m. Saturday 27 June), to accommodate additional waterproofing work. Restricting pedestrian and cyclist access during this period will ensure the coating cures properly and performs as intended
- During the closure of the Drury Lane Pedestrian Bridge a shuttle service provided by a local taxi company will take pedestrians who need assistance to travel from the north side of the railway corridor to the south and vice versa.
- The taxi service will take pedestrians from any point in Zone A to any point in Zone B and vice versa, free of charge (please refer to the map for details of the zones).

HOW IT WILL WORK

- If you need to travel from a point in Zone A to Zone B or from Zone B to Zone A, you can call and order a taxi using the details shown here.
- You will not be able to get picked up or dropped off outside of Zone A and B or picked up and dropped off within the same zone in the same trip.
- This is an 'on-demand' service so you will not be able to book travel in advance. You will need to call the number provided and wait for the service.

- As this service is being offered by a third party, we anticipate that it will take approximately 15 minutes for your taxi to arrive, but this could be longer during busy periods, so please factor this into your travel arrangements as we cannot guarantee waiting times or service levels.
