

Ontario Line

Eastbound lane closure on Wicksteed Avenue for sidewalk construction

Expected start and end dates: June 29th - July 20th, 2026

Hours of work: 7:00 a.m. - 5:00 p.m.

What is happening?

- Metrolinx is constructing a sidewalk on the south side of Wicksteed Avenue between the intersection of Beth Neilson Drive and the Canadian Kansas Pacific Rail crossing.
- Construction of the sidewalk will require the closure of eastbound lanes on Wicksteed Avenue.
- Construction of the sidewalk will include the:
 - Installation of a stop bar to contain wet concrete on the asphalt at the intersection of Wicksteed Avenue and Leslie Street. These works should take less than a day.
 - Excavation of the sidewalk construction area and saw-cut of driveway asphalt. The affected driveways will be from 219 to 225 Wicksteed Avenue.
 - Prepare the full length of the driveways for sidewalk construction while keeping half of each driveway open to maintain access.
 - Form and pour concrete.

What to Expect

- Access for all businesses in the area will be maintained.

- Half of each driveway will always remain open to maintain access to businesses.
- Traffic control personnel will be present to direct traffic and traffic signage will be posted around the area.
- Construction pylons will be installed along the roadways to delineate the construction area from active traffic, and other traffic controls will be established.
- Work may be delayed due to weather conditions or other unforeseen circumstances.

About the project

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.
- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Approximately 30 minutes from one end of the line to the other.
- 28,000 fewer cars on the road each day.
