

Investigation Activities near Scarlett Road and Eglinton Avenue

Expected dates: August 11 and August 13, 2026

Work hours: Daytime between 7:00 a.m. to 7:00 p.m.

Map of work area:

What is happening?

- As part of project planning and environmental assessment activities, crews will perform non-intrusive soil testing near Scarlett Road and Eglinton Avenue.
- Testing activities will take place within the areas highlighted on the maps above.
- Minor handheld equipment will be used to complete this work.
- No impacts to pedestrian, traffic, or property access are anticipated.
- These investigation activities are short-term, with work expected to finish within one day.
- Information collected will be used to support future project planning and ensure compliance with applicable environmental requirements.

What to expect

- Monitoring equipment will be placed outdoors for a temporary period. The equipment is passive and does not generate noise.
- To protect the equipment, it may be housed within a secure enclosure and surrounded by temporary fencing. No excavation, drilling or other intrusive work is required as part of these activities.
- Once the monitoring is complete, the fencing will be removed, and the lands will be restored to existing conditions.
- Work may be delayed or rescheduled due to weather conditions or unforeseen circumstances. Overnight or weekend work may be scheduled as needed.

About the project

- The Eglinton Crosstown West Extension will bring even more rapid transit to Etobicoke and Mississauga, making it easier for people to get where they need to be each day.
- The extension of Line 5 Eglinton will run 9.2 kilometers from Mount Dennis Station to Renforth Drive. Once complete, it will create a continuous rapid transit line that stretches from Scarborough, through midtown Toronto, and into Mississauga.
