

Temporary water shutoff west of Kipling Avenue and Eglinton Avenue West

Scheduled start: Tuesday, October 6, 2026

Expected completion: Wednesday, October 7, 2026

Construction hours: Overnight - 10:00 p.m. to 6:00 a.m.

Map of work area:

What is happening?

- Crews working on behalf of Metrolinx will be temporarily shutting off the water supply to properties west of Kipling and Eglinton Avenue West:
 - Princess Apartments – 25, 35, 41, 53 Warrender Avenue
 - 55 Warrender Avenue
 - Lloyd Manor Plaza – 201 - 211 Lloyd Manor Road
 - 2 – 99 Pony Farm Drive
 - 125, 127, 129, 131, 133, 135 Widdicombe Hill Boulevard
 - 2, 6 Longfield Road
 - 3 – 23 Richdale Court
- The temporary shutoff is required to relocate fire hydrants on the southwest side of the Eglinton Avenue West and Kipling Avenue intersection as part of ongoing road realignment work required to build the underground station box, which is the structure that forms the main body of a transit station.
- The shutoff will allow crews to safely connect the new infrastructure to the existing water distribution system.
- This process helps prevent leaks, protects water quality and allows the connection to be completed safely and efficiently.
- Once the work is complete, the system will be tested, and water service will be restored.

What to expect

- Water service will be temporarily unavailable between 10:00 p.m. on Tuesday, October 6, 2026, and 6:00 a.m. on Wednesday, October 7, 2026.
- Residents, tenants and businesses at the impacted properties are encouraged to:
 - Store water for drinking, flushing toilets and personal use before the scheduled shutoff.
 - Complete water-dependent activities, such as laundry, showering and cleaning, before 10:00 p.m.
- Every effort will be made to minimize the duration of the interruption and restore water service as quickly as possible.
- The information provided is anticipated based on the current construction schedule and is subject to change.
- Work is subject to permit approval from the City of Toronto.

About the project

- The Eglinton Crosstown West Extension will bring even more rapid transit to Etobicoke and Mississauga, making it easier for people to get where they need to be each day.
- The extension of Line 5 Eglinton will run 9.2 kilometres from Mount Dennis Station to Renforth Drive and will operate mainly underground. Once complete, it will create a continuous rapid transit line that stretches from Scarborough, through midtown Toronto, and into Mississauga.
