

Overnight and daytime works on the Lakeshore West railway corridor

Scheduled Start Date: September 28, 2026

Scheduled End Date: October 30, 2026

Working Hours: 11:00 p.m. to 5:00 a.m.

Map showing the extent of the work area

What is Happening?

From September 28, 2026, we will be upgrading railway track in the area shown on the map above. From this date you may notice equipment and materials being moved into the vicinity of the work area. On the weekends of October 17/18 and 24/25 there will be a major track closure when the work takes place, while passenger services are not running on the corridor. The majority of the work will take place over the two weekends, during the day and overnight but you may notice equipment being moved into position and deliveries of materials over the whole period.

What to Expect?

- Increased presence of construction vehicles and equipment can be expected in the work area.

Lighting

- Construction lighting within the work site may be visible from neighboring properties.

Traffic Changes

- No disruptions to traffic are anticipated.

Pedestrian Access

- All pedestrian sidewalks will remain open throughout the work.

Noise & Vibration

- Neighboring businesses could experience some noise and vibration caused by construction equipment related to this work.

Transit Service

- Please visit www.gotransit.com for more information about changes to your travel
-

About the Project

GO Expansion will bring faster, more frequent train service by delivering new transit infrastructure and operational plans that will reduce journey times, add capacity and further improve on time performance and customer satisfaction. The goal is to create a network with the capacity to deliver service every 15 minutes or better, all-day in both directions on core routes across the GO rail network.
