

Northbound lane closure on Carlaw Avenue, north of Gerrard St. East

Scheduled Start Date: As early as October 19, 2026
Scheduled End Date: October 23, 2026
Working Hours: Monday to Friday, 7:00 a.m. to 7:00 p.m.

What is happening?

To facilitate construction of the future Gerrard Station north entrance, the current sidewalk along Carlaw Avenue will be demolished. This work will require an excavator to remove existing concrete and soil. For this work to be safely completed, staging and hoarding will temporarily be expanded onto Carlaw Avenue, north of Gerrard St. East. The expansion will result in a temporary occupation of the northbound traffic lane to accommodate construction. The lane closure will be in place as early as **October 19, 2026, for five days.**

A temporary sidewalk has been installed on Gerrard Street East, just east of Carlaw Avenue. The sidewalk on the east side of Carlaw Avenue to just north of Victor Avenue will remain closed.

Traffic control personnel and paid duty officers will also be on site to safely direct motorists and pedestrians during work hours.

What to expect

- Work areas will be clearly marked or fenced off to ensure public safety.
- Please exercise caution around active construction sites.
- Work may be delayed or rescheduled due to weather or unforeseen circumstances.

Traffic changes

- Minor delays may be experienced near the work zone.
- A paid duty officer, flaggers and detour signs will be in place to direct traffic as needed.
- All businesses in the area will remain open during the work. Please follow signage for access.

Pedestrian access

- Pedestrian detours may be required, with signs in place to direct pedestrians as needed.
- Clear and defined walking paths will be maintained during construction to ensure pedestrian safety.

Transit service

- There is no anticipated impact to transit services.

About the Ontario Line

- 15.6-kilometre subway line that will make it faster and easier to travel within Toronto and beyond.

- 15 stops and more than 40 connections to other transit, including GO train, subway, LRT, streetcar, and bus lines.
- Less than 30 minutes of travel time from one end of the line to the other.
- 28,000 fewer cars on the road each day.
